Biographies

Sadaf Zahoor is an Assistant Professor in the Department of Industrial and Manufacturing Engineering Lahore Pakistan and a Post-Doctoral Fellow in the Department of Mechanical, Automotive, and Materials engineering, Faculty of Engineering University of Windsor, Windsor, Ontario, Canada. She earned B.S. in Industrial & Manufacturing Engineering from University of Engineering and Technology, Pakistan, Masters in Manufacturing Engineering from University of Engineering and Technology, Pakistan, PhD in Manufacturing Engineering from University of Engineering and Technology, Pakistan, she has published journal and conference papers. She has completed research projects with Packages Pvt. Ld. Pakistan, Millat Tractors Pakistan, Nestle Pakistan, Millat Equipment Ltd. Pakistan, PEL Orient Pakistan. Her research interests include sustainable manufacturing, reliability, scheduling, and lean. She is member of Pakistan Engineering Council.

Walid Abdul-Kader is a professor of Industrial Engineering in the Faculty of Engineering at the University of Windsor, Windsor, Canada. He holds a PhD degree in Mechanical Engineering from Université Laval, Québec City, Canada. He completed his bachelor's degree from Université du Québec à Trois-Rivières, Canada, and master's degree from École polytechnique de Montréal, Canada. His research interests relate to performance evaluation of reverse logistics and manufacturing/remanufacturing systems prone to accidental failure and repair. His publications have appeared in many leading national and international journals and conferences proceedings.
