

Biographies

Emad Summad has a PhD in Industrial Engineering. He is specializing on policy issues for entrepreneurship and innovation in the knowledge-based economy. Dr. Summad currently teaches Innovation and Entrepreneurship at College of Engineering, Sultan Qaboos University. His research interest is on new perspectives on adoption and diffusion of innovations; using agent-based modelling to understand what happens when innovations are adopted by individual consumers and diffused in aggregate markets. What makes one innovation a screaming success while another just fade away! His work also includes governing innovation using social network structure and dynamics analysis. He promotes for technology-based lean startups.

Mahmood Al-Kindi is working as an Assistant Professor at Department of Mechanical and Industrial Engineering, Sultan Qaboos University, Muscat, Sultanate of Oman. He received his PhD from Illinois at Urbana Champaign, USA in 2010. He received his Master of Science degree from the Louisiana State University, USA in 2003. His research interests lies in the area of Quality and Six Sigma, Innovation and Business Entrepreneurship, Lean Manufacturing, Production Planning and Control. He has published several research papers in both international journals and conference proceedings.

Ahm Shamsuzzoha has been working as an Assistant Professor, Department of Mechanical and Industrial Engineering, Sultan Qaboos University, Muscat, Sultanate of Oman. He received his PhD in Industrial Management (Department of Production) from the University of Vaasa, Finland and his Master of Science (Department of Mechanical Engineering) degree from the University of Strathclyde, Glasgow, UK. His major research and teaching interest lies in the area of enterprise collaborative networks, operations management, product customization, simulation modelling and supply chain management. He has published several research papers in both reputed international journals and conferences.
