

Dr. Khalifa N. Al-Khalifa is currently the College of Engineering Dean and founding director of Qatar Transportation and Traffic Safety Center (QTTSC), Qatar University. He is also Associate Professor in the Industrial Engineering Program, Mechanical Engineering Department, Qatar University. He was awarded his Ph.D. degree in Manufacturing Engineering, University of Birmingham, UK. His research interests focus on Road Safety, Total Quality Management; Quality and Reliability Engineering. He has published over 30 technical publications related to his research interest. Dr. Al-khalifa is the chair of ASQ Doha-Qatar Local Member Community and a member of Qatari engineering society. Currently, he is managing research fund worth over USD \$ 5,000,000. He is also supervisor to a number of postdoctoral fellows, Ph.D. and Master students.

Dr. Wael Alhajyaseen is currently Assistant Professor at the Qatar Transportation and Traffic Safety Center in the College of Engineering, Qatar University. He received the M.S. degree in transportation engineering from the University of Jordan in 2005 and the Doctor of Engineering degree in civil engineering from Nagoya University in 2010. He received several regional and international awards for his contribution in the field of Traffic Engineering such as Yasoshima Yoshinosuke Prize provided by the Eastern Asia Society for Transportation Studies in 2009. He is specialized in traffic engineering, traffic safety (human factors, crash data, and causality, driving simulation), road user behavior analysis (motorized & non-motorized), intelligent transportation systems.

Sajeda A. Abounada graduated from Qatar University in June 2013 with a bachelor's degree in industrial and systems engineering. She started her master's degree in Engineering Management and is expected to graduate in 2018. She worked as a graduate assistant at the Qatar Transportation and Traffic Safety Center from 2013 to 2015.

Mohannad H. Ahmed graduated from Qatar University in 2015 with a bachelor's degree in civil engineering. He started his master's degree in Environmental Engineering and is expected to graduate in 2018. He has worked as a graduate assistant at the Qatar Transportation and Traffic Safety Center from 2015 to 2017.
