

Mechanical Engineering from Mehran University of Engineering and Technology, Jamshoro, Sindh, Pakistan. He orally presented his research paper titled “Study of Coefficient of Performance of Thermal Power Station, Jamshoro, Sindh, Pakistan” at 4<sup>th</sup> International Conference on Advances in Mechanical Engineering Technology, held at Yildiz Technical University, Istanbul, Turkey, from December 19<sup>th</sup>-21<sup>st</sup>, 2018. His research interests include simulation and optimization of Thermal Power Stations, Refrigeration, Heat Ventilation and Air Conditioning. He is member of American Society of Mechanical Engineering (ASME).

**Prof. Dr. Hussain Bux Marri** is the Dean of Faculty, BSC Engineering Technology, and Chairperson, Department of Mechanical Engineering Technology, at The Benazir Bhutto Shaheed University of Technology and Skill Development, Khairpur Mirs, Sindh, Pakistan. **Prof. Dr. Hussain Bux Marri** has also served as Chairman, Department of Industrial Engineering and Management, at Mehran University of Engineering and Technology, Jamshoro, Sindh, Pakistan, for 37 years. He is also the member of the Syndicate, Highest Executive Organ of an Institution, at Quaid-e-Awam University of Engineering, Sciences and Technology, Nawabshah. He did his Post Doc. and PhD in Operations Management from Brunel University of West London, United Kingdom. He earned his BE in Mechanical Engineering from Mehran University of Engineering and Technology, Jamshoro, Sindh, Pakistan. He has more than 80 International research Paper Publications. He has also received Best University Teacher Award and is a lifetime member of Pakistan Engineering Council (PEC). His research areas majorly include Industrial and Operations Management and Supply Chain Management.
