Biography

Yoichi Shimakawa is a Professor and Director of the Department of Computer Science and Technology, Salesian Polytechnic Japan. He received his B.S. and M.Sc. degrees from Chuo University in 1990 and 1996. In 1998, he joined the staff as a research assistant on the research project “Integrated Geographic Information Systems” at Chuo University. He received his D.E. degree from Chuo University. He received paper awards from the Operations Research Society of Japan (ORSJ) in 2002. He is a member of ORSJ and the Geographic Information Systems Association of Japan.

Hiroataka Takahashi is currently an Associate Professor of the Department of Information and Management Systems Engineering, Nagaoka University of Technology (NUT), Japan. He received his D.Sci. from the Graduate School of Science and Technology at Niigata University, Japan in 2005. He was a PD at Max Planck Institute for Gravitational Physics (Albert Einstein Institute) in Germany from 2005 to 2007. His research interests include Controller Design for Discrete Event Systems, Data Mining and Physics (General Relativity). He is a member of the Operations Research Society of Japan (ORSJ) and the Physical Society of Japan (JPS).

Hiroyuki Goto is a Professor in the Department of Industrial & System Engineering, Hosei University, Japan. He received his B.S. and M.S. degrees from The University of Tokyo in 1995 and 1997. He received his D.E. degree from Tokyo Metropolitan Institute of Technology in 2004. His research interests include operations research and high-performance computing.

Yasushi Sumitani is a former professor of the Department of Information and Management Systems Engineering, Nagaoka University of Technology (NUT), Japan. He received his Bachelor of Engineering and Master of Engineering degrees from the University of Tokyo in 1991 and 1993 respectively. In 1993, he joined the Ministry of International Trade and Industry in the Japanese Government, which was reorganized to the Ministry of Economy, Trade and Industry in 2001. He has more than 20 years of work experience of national policy planning in various fields such as energy, IT or economy as a government official. He received his Master of Arts degree in International and Development Economics from Yale University in 2001. He worked at NUT from 2013 to 2015. He is a member of the Operations Research Society of Japan.
