

1995. His current research interests are in the area of statistical experimental designs, statistical process control, engineering process control, productivity improvement using simulation and operations research tools.

**Sunpasit Limnararat** is an Assistant Professor at Department of Industrial Engineering, Faculty of Engineering at KMITL. He earned B.E. in Computer Engineering from KMITL, Masters in Systems Engineering from Royal Melbourne Institute of Technology, Melbourne, Australia and PhD in Industrial Engineering from University of New South Wales, Sydney, Australia. His research interests include Artificial Intelligence for Manufacturing, Computer Integrated Manufacturing System and Applied Industrial Management.

**Pholchai Chotiprayanakul** is a Lecturer at Department of Industrial Engineering, at KMITL. He earned B.E. and M. Eng. in Industrial Engineering from King Mongkut's University of Technology Thonburi Bangkok, Thailand and PhD in Industrial Engineering from University of Technology Sydney, Sydney, Australia. His research interests include Robotics and Automation System, Teleoperation System, Computer Integrated Manufacturing System and Production Process Design.
