#### BIOGRAPHY

**Wimalin Laosiritaworn** is an Associate Professor in the department of industrial engineering, faculty of engineering, Chiang Mai University. She earned B.Eng in Industrial Engineering from Mahidol University, Thailand, Master in Engineering Business and Management from University of Warwick, United Kingdom and Ph.D. in Manufacturing Engineering and Operations Management from University of Nottingham, United Kingdom. Her research interest includes manufacturing process modeling, materials properties modeling, manufacturing data analysis

**Attapol Bhuapirom** is currently a fulltime engineer in BPS milcom co., ltd. He holds a Bachelor of Science degree in wood science and technology, Kasetsart University, Thailand, Master in Industrial Management, Chiang Mai University
