BIOGRAPHY

Mohd Azizi Chik is the Senior Manager in Industrial and Manufacturing Systems Engineering Department, SilTerra Malaysia. He received his Bachelor of Science in Industrial Engineering from University of Missouri Columbia USA. He received his M.Sc in Electrical Electronic and Systems Engineering from Universiti Kebangsaan Malaysia, and Ph.D in Nanoelectronic from University Malaysia Perlis. He has more than 15 years' experience in wafer fabrication. Before joining SilTerra he worked at Chartered Semiconductor Pte. Ltd., Singapore.

Mohd Razali Muhamad is a Deputy Vice Chancellor of Academic and International, Universiti Teknikal Malaysia Melaka, Malaysia. He earned B. Sc. in Production Engineering and Management and Masters Sc. In Material Protection from Loughborough University, UK. Then, he earned Ph.D in Manufacturing Systems from University of Liverpool, UK. His research areas interest are Machining Technology, Concurrent Engineering, Technology Management and Manufacturing Systems.
