BIOGRAPHY

Rida Zuraida is a Faculty member of Industrial Engineering Department in Bina Nusantara University, and also PhD student at Faculty of Industrial Technology at Institut Teknologi Bandung, Indonesia. She received her Master of Industrial Engineering from Institute Technology Bandung in 2004. Her research interests are in the area Occupational Fatigue, Quality, Safety, and Health Environment. She can be contacted through email at rzuraida@binus.ac.id.

Ketut Gita Ayu, is a Faculty Member of Industrial Engineering Department in Bina Nusantara University, She finished her Master from Georgia Tech, USA. She is a member of IIE. She can be contacted through email at kgayu@binus.edu

Caroline Nike Septivani, is a Faculty Member of Industrial Engineering Department in Bina Nusantara University, She finished her Master from Universitas Pelita Harapan, Indonesia. She is a member of IIE. Her research interests are in the area Production system, Quality, Safety, and Health Environment. She can be contacted through email at nseptivani@binus.edu.

Hardianto Iridiastadi, is an Associate Professor and Head of the Laboratory for Work System Design & Ergonomics at Institut Teknologi Bandung, Indonesia. He earned Masters in Industrial Engineering from Louisiana State University, USA, and Ph.D. from Virginia Polytechnic Institute and Technology, USA. His research interests include occupational biomechanics, occupational physiology, and transportation safety. He is a member of IIE and IEA.he can reach through email at hiridias@vt.edu.
