#### BIOGRAPHY

**Prapassorn Tantiphawadi** is currently a Doctor of Engineering student in department of Industrial Engineering, Faculty of Engineering, Kasetsart University, Bangkok, Thailand. Ms. Prapassorn holds a Bachelor of Science degree in Physics from Chulalongkorn University, Bangkok, Thailand and a Master of Science degree in Physics from Utah State University, Utah, U.S.A. Her professional career is Quality and Six Sigma Management with over 20 years of experience working with famous factories. She has been certified as Six Sigma Master Blackbelt from Air Academy Associates, U.S.A. and Sony Six Sigma trainer. Her excellence quality and Six Sigma projects are in various industries, such as food, banking, electronics consumer product and chemical printed circuit board.

**Prapaisri Sudasna na Ayudhya** is currently ranked an Associate Professor and serves as a faculty member in the Department of Industrial Engineering, Faculty of Engineering, Kasetsart University. Ms. Sudasna-na-Ayudhya holds a Bachelor of Science in Statistics (major: Electronics Data Processing with 2nd class honor) from Chulalongkorn University, Thailand. She also earns three degrees from Oregon State University, U.S.A. : M.S. in Statistics (major: Applied Statistics), M.S. in Industrial and Manufacturing Engineering, and Doctor of Philosophy in Industrial and Manufacturing Engineering (major: Quality and Reliability Engineering). Her areas of specialization are Quality Engineering, Operations Research, Engineering Statistics, Quality Control, and Design and Analysis of Experiments. She has been served as an instructor and a trainer for many well-known universities and companies in these areas, e.g. AIT, Thammasart University, and Toyota Motor Company (Thailand), etc.
