
Special Issue

Selected Best Papers from the 2nd IEOM European Conference on Industrial Engineering and Operations Management, July 26-27, 2018, La defense, Paris, France

This special issue is aimed at publishing extended versions of the best papers from the 2nd IEOM European Conference on Industrial Engineering and Operations Management to be held in the European economic hub: La defense, Paris, France, July 26-27, 2018. It is also intended to publish high quality papers submitted by the authors other than the conference participants.

The 2nd IEOM European Conference on Industrial Engineering and Operations Management is co-organized by the IEOM Society International (<http://ieomsociety.org/ieom/>) and IESEG School of Management, Lille-Paris, France (www.ieseg.fr). The conference will last two days and will provide a platform for academics, researchers, scientists and practitioners to exchange ideas and to bridge the gap between the Industrial Engineering and Operations Management theory and its application in solving the most current problems and challenges faced by 21st century organizations (e.g., climate change, natural disasters). It is also expected to foster networking, collaboration and a joint effort among the conference participants to advance the theory and practice as well as to identify major trends in Industrial Engineering and Operations Management.

Authors of the selected best papers will be invited to submit to this special issue the extended versions of their papers presented at the conference.

Topics of particular interest for this special issue, including but not limited to:

- Big Data and Analytics
- Decision Sciences
- E-Business and E-Commerce
- Energy and Resource Efficiency
- Engineering Economy, Education & Management
- Facilities Planning and Management
- Global Manufacturing
- Human Factors and Ergonomics
- Information Technology and Information Systems
- Inventory Management
- Knowledge Management
- Lean and Six Sigma
- Logistics, Transport and Traffic Management
- Manufacturing Design and Servitisation
- Operations Management and Operations Research
- Product design and development
- Production Planning and Control
- Project Management
- Quality Engineering, Control and Management
- Reliability and Maintenance
- Reverse Logistics and Green Systems
- Service Systems and Management
- Sustainable Operations and Supply Chain Management
- Sustainability in Supply Chains and Operations
- Sustainability in Manufacturing, Services, Logistics, and Freight transportation
- Sustainable Manufacturing
- Systems Engineering
- Technology Management
- Tools for Sustainable Manufacturing and Service Systems Design, Management, and Performance Measurement
- Waste Management

Submission guidelines:

- All the papers must be prepared using the journal's paper template (downloadable from the journal's website: <http://ieomsociety.org/ieom/journals/>).
- The papers must be submitted using word files.
- The extended versions of the selected conference papers must be at least 50% different with these published in the conference proceedings.
- The external submissions (i.e., papers from authors other than the conference participants) must be original and not currently under review for publication elsewhere.
- All the submissions will go through the journal's standard double-blind peer review process.
- Authors need to submit the papers online:
<https://www.xcdsystem.com/IEOM/abstract/index.cfm?ID=i1q2EgN>.

International Journal of Industrial Engineering and Operations Management (IJIEOM)

Schedule:

- Manuscript submission due: 31 October 2018.
- Author notification: 1 January 2019.
- Final manuscript submission due: 28 April 2019.
- Publication: 30 June 2019.

Publication fee:

All accepted papers will be published as open access online by the IEOM Society International. The publication fee for each paper is 100 US dollars.

Guest editors:

Prof. Linda L. Zhang, Department of Management, IESEG School of Management, Lille-Paris, France (l.zhang@ieseg.fr)

Prof. Ali Siadat, Arts et Métiers ParisTech de METZ, Metz, France (Ali.SIADAT@ensam.eu)

Dr. Mohammad Shamsuzzaman, University of Sharjah, Sharjah, UAE

(mshamsuzzaman@sharjah.ac.ae)

Dr. Balkrishna Narkhede, National Institute of Industrial Engineering, Mumbai, India

(benarkhede@nitie.ac.in)
