Biographies

Ferdous Sarwar received his B.Sc. (summa cum laude) and M.Sc. in Industrial & Production Engineering (IPE) from BUET and Ph.D. in Industrial & Manufacturing Engineering (IME) from North Dakota State University (NDSU), USA. He is an Associate Professor of Industrial and Production Engineering with BUET. His research interest includes optimization and supply chain management. He is a Member of the International Microelectronics and Packaging Society (IMAPS), the Surface Mount Technology Association (SMTA), and the Institute of Industrial Engineers (IIE).

Farzana Islam is a final year student in the Department of Industrial & Production Engineering (IPE), BUET. Her research interest is Modeling and Simulation, Operations Research, Process Engineering

Md Sadman Sakib is a final year student in the Department of Industrial & Production Engineering (IPE), BUET. His research interest is Modeling and Simulation, Supply Chain Analysis, Operation Research.

Sampa Halder is a final year student in the Department of Industrial & Production Engineering (IPE), BUET. His research interest is Modeling and Simulation, Supply Chain Analysis, Operation Research.
