Biographies

Hwi-Chie Ho is an assistant professor in Industrial Engineering department at Bina Nusantara (BINUS) University. Her research and lecture revolve around ergonomics, quality, and industrial psychology. As a professional member of Institute of Industrial and Systems Engineering (IISE), she has been dedicating her quality time to support IISE BINUS University Chapter as the faculty advisor, resulting in continual achievement of Chapter's Gold Award ever since its establishment (2012-2017). Additionally, she was awarded as an outstanding faculty advisor by IISE in 2016 for Southeast Asia Regional Winner and as Asian Regional Winner in 2017. She is also a fellow in Industrial Engineering and Operations Management (IEOM) society and actively involved in numerous IEOM conferences. Concurrently, her previous working experience as a notable CEO in automotive industry has led her to frequent invitation as special guest lecturer in various leading industries.

Laili Latifa graduated from BINUS University in 2018 majoring in Industrial Engineering. Her research interest concerns about Business Development, Operational Management and Quality. Currently she works in PT Aerofood Indonesia as an intern in Organization Development and Operational Excellence.

Claudia Clarice graduated from BINUS University in 2018 majoring in Industrial Engineering, and works in PT MRT Jakarta in Project Management for Operation and Maintenance. Her research mainly embraces Service Engineering, System Innovation and Operational Management.

Arvin Raditya graduated from BINUS University in 2018 majoring in Industrial Engineering, and has experienced working in Production and in Operational management. Currently he is planning for pursuing his master degree in Australia.
