Biographies

Hayder Zghair is an assistant professor in the Department of Automated Manufacturing Engineering Department at University of Baghdad, IQ. Dr. Zghair earned B.Sc. in Production and industrial Engineering from University of Technology, Baghdad; and two M.Sc. degrees. The first Master has been earned in Industrial Engineering from University of Technology, Baghdad, IQ. The second Master was in Manufacturing Systems Engineering from Lawrence Technological University, Michigan, USA. Dr. Zghair earned the PhD in Manufacturing Systems Engineering from Lawrence Technological University, Michigan, USA. He has published journal and conference papers. Dr. Zghair has completed E-Learning project with UNISCO. His research interests include Flexible Automated Manufacturing, Robotics, Analytical Modeling & Simulation, and Optimization. He is member of ASEE, IEOM & IEU.

Ahad Ali is an Associate Professor, and Director of Bachelor of Science in Industrial Engineering and Master of Science in Industrial Engineering in the A. Leon Linton Department of Mechanical Engineering at the Lawrence Technological University, Michigan, USA. Dr. Ali is Director of Smart Manufacturing and Lean Systems Research Group. He earned B.S. in Mechanical Engineering from Khulna University of Engineering and Technology, Bangladesh, Masters in Systems and Engineering Management from Nanyang Technological University, Singapore and PhD in Industrial Engineering from University of Wisconsin-Milwaukee. He has published journal and conference papers. Dr Ali has
