## **Biographies**

**Mojtaba Qolipour** is a graduate of Master of Science in Industrial Engineering at Yazd University, Yazd, Iran. He has published 8 journal papers mostly at Elsevier.

**Mostafa Rezaei** is a Master of Science in Industrial Engineering at Yazd University, Yazd, Iran. He got B.S. in Electronic Engineering from Yazd University. He has published 4 journal papers. His research interests include renewable and sustainable energy such as wind and solar, hydrogen production, optimization, Multi Criteria Decision Making problems.

**Amir-Mohammad Golmohammadi** (IRAN, Male, 1988), Obtained his B.Sc. degree in Industrial Engineering from Kurdistan University in 2010 and M.Sc. degree in Industrial Engineering from South Tehran Branch at Islamic Azad University in 2013. He is current a Ph.D. student in Department of Industrial Engineering at Yazd University. He was engaged in the industrial system engineering technology development and the technical consultant from 2011 up to year. His main research fields are facility layouts and location design, cellular manufacturing systems (CMS), using meta-heuristics for combinatorial optimization problems and applications of Operation Research (OR) in engineering. He has published a number of journal and conference papers.

**Mehdi Soltani** is a graduate of M. Sc. of Industrial Engineering from Islamic Azad University, Qazvin Branch, Iran.

**Hengameh Hadian** is a lecturer of industrial engineering department at University of Nahavand in Iran.
