

Aini Zuhra Abdul Kadir is currently a fulltime senior lecturer at Faculty of Mechanical Engineering, Universiti Teknologi Malaysia (UTM). Since 2013, she was appointed as a Postgraduate Coordinator for MSc Advanced Manufacturing Technology. Dr. Aini Zuhra obtained her Bachelor of Engineering (CAD/CAM) and Master of Engineering (Manufacturing) from University of Malaya and PhD (Mechanical Engineering) from University of Auckland, New Zealand. She is a member of American Society of Mechanical Engineer (ASME), Board of Engineer (BEM) Malaysia and Institute of Engineer (IEM) Malaysia. She has taught courses in product design, tooling for production, engineering economy, manufacturing process and work design. Her research interests include STEP/STEP-NC, CAD/CAM/CAPP, Virtual Manufacturing, Finite Element Analysis, impact/crash test, sustainable materials and product design.

Muh. Hisjam is a lecturer at Department of Industrial Engineering, Faculty of Engineering, Universitas Sebelas Maret, where he has been since 1998. He received his Bachelor degree from Universitas Gadjah Mada in 1986, and a Master degree from Institut Teknologi Bandung in 2002. He received his Ph.D. in Environmental Science from Universitas Gadjah Mada in 2016, with his dissertation title is “Sustainable Supply Chain Model in Export Oriented Furniture Industry in Indonesia (Case in Perum Perhutani)”. His research interests are in supply chain, logistics, business and sustainable development. He has published some papers in his research area. He and his colleagues have initiated and maintain some collaborations between his institution with some abroad universities, such as Ehime University, Japan and Universiti Teknologi Malaysia.
