

<b>Table of Content India 2022 Proceedings</b>		
<b>Serial Number</b>	<b>Title</b>	<b>Page Number</b>
1	Study On Job And Organizational Related Factors Affecting Employee Engagement	1
2	Improving Flexibility by Implementing Multi Product Assembly Line in Screw Air Compressor Assembly Line	12
3	Routing plan of migratory bee keepers in honey production	22
4	Pareto Analysis of Non-Conformances Observed During the Fabrication of Rocket Engines and Suggestions to Prevent their Occurrence	23
5	A Review - Impact of Industry 4.0 in Supply Chain	31
6	The Integrated Combined Compromise Solution Method and Distance Based MCDM Model With Application.	33
7	Big Data for Innovation Payment System in E-Commerce Online Transactions	34
8	Warehouse Selection in Supply Chain Network Design Based on Multi COG Clustering and MCDM	36
9	Vehicle allotment and route optimization for transportation services using logistics techniques in Supply chain management	45
10	Development of Scheduling Optimization Tool using Excel VBA and Solver for Productivity Improvement of Slitting Machines for PVC/PVDC film	55
11	Adaptive Learning and Knowledge Management System to Support Student Learnings Activity in Pandemic Era	66
12	Validated Learning for Small Medium Enterprise to Increase SMEs Business Level	68
13	Applicant Tracking System Model Based on Block Chain Technology	71
14	Distribution Mechanism with Block Chain Technology to Protect Customers from Counterfeit Herbal Medicine	73
15	Minimization of Order Processing Time in order to Improve On-time Delivery to Customer	75
16	Ergonomics and Anthropometry Considerations in Design of Workstation	76
17	Application of Artificial Intelligence (AI) in the Construction Industry	78
18	Development of Risk Assessment Framework based on perspectives of technical staff in Power Distribution Companies: A case study	86

	Effect of Public Financial Management on Foreign Debt Accumulation: An Empirical Investigation into the determinants of Moroccan Indebtedness	95
19		
	A unique 'Assessment Framework for Employee Engagement' in Software Development Projects	104
20		
	Customer loyalty assessment framework for quick-service restaurants	114
21		
	Quality of Service in Indian Healthcare and its impact on the Consumer's Choice of the Level of Care	123
22		
	Development of Risk Assessment Framework for Blood Bank Operations during Emerging Infectious Diseases like Covid-19	131
23		
	Assessment framework for patient satisfaction in the context of 'patient journey mapping' in Hospitals	139
24		
	Smart Parking System using Object detection	148
25		
	Assessment framework for Employees Job Satisfaction levels in News Channel	155
26		
	Designing and Computing the Generalized Process Capability Indices under Neutrosophic Set	164
27		
	Energy Efficient Behaviour in Domestic Environment	179
28		
	Adaptive Real-Time Scheduler for Embedded Operating System	191
29		
	LDDNet: An Efficient Neural Network Model for Plant Leaf Diseases Detection	203
30		
	Application for Stochastic Net Present Value (NPV) Estimation and Sensitivity Analysis	211
31		
	Improving Order Quantity of Retailers in Rural Market: A Case of BIT Haat	220
32		
	Breast Cancer Detection using six different Algorithms	229
33		
	ERGONOMICS IN HEALTHCARE: A LITERATURE STUDY	236
34		
	Adoption of Artificial Intelligence in Start-ups: A review	248
35		
	Corporate Social Responsibility as a Customer Retention Strategy in the Coffee Shop Industry in India	260
36		
	Using Deep Learning for Protecting Security on Online Social Network: A Comprehensive Study and New Perspectives	270
37		
	Deterministic Analysis of government tariffs for substitute products in a dual-channel supply chain	281
38		
	Modelling and analysis of I.C. engine piston	282
39		
	Design and Analysis of Subsea Skid for Component Deployment under various loading conditions	291
40		
	DESIGN AND FABRICATION OF WASHING MACHINE FROM WASTE MATERIALS	302
41		
	Need For Automation in Solar Panel Cleaning Systems – A Comprehensive Review	310
42		
	Design and Development of Electric Moped Chassis	321
43		

44	Design And Analysis Of Nine Speed Gear Box With Two Stages	330
45	Affordable Electric Wheelchair	338
46	Self-Powered Dual Axis Solar Tracking System	343
47	Static Structural Analysis of Composite Leaf Spring Under Dynamic Loads	349
48	Design and Analysis of Reinforcement pad at Nozzle junction on Pressure Vessel	356
49	DESIGN AND FABRICATION OF QUADCOPTER DRONE FOR DELIVERY	367
50	Mechanical Properties of Egg-Shell/Al green composites	373
51	DESIGN AND EXPERIMENTATION OF POROUS BIO IMPLANT STRUCTURES USING FUSED DEPOSITION MODELING PROCESS	389
52	Design and fabrication of strut stabilizer	400
53	Design Of Robotic Arm	409
54	Exploring the Critical Success Factors (CSFs) and Barriers to the Adoption of Blockchain in Financial Services	410
55	Exploring the Critical Success Factors (CSFs) and Barriers to Adoption of ICTs in Corporate Financial Services	411
56	Credit Card Fraud Detection Using Machine Learning	421
57	Cloud-based Application to Leverage the Coding in Education Institutions	428
58	Development of Tool for Work Simplification in Kitchen	437
59	A BIBLIOMETRIC ANALYSIS OF EUROPEAN JOURNAL OF INFORMATION SYSTEMS	448
60	An Interpretive Structural Modelling Approach to Analyse interaction between Performance management factors in the current Business ecosystem	460
61	DESIGN AND FABRICATION OF CONTRA-ROTATING PROPELLER DRONE	470
62	A Study on Start-up India: A Governmental Initiative to Boost Entrepreneurship, Growth and Employment Generation of Tribal Youth of TSP Region of Southern Rajasthan	476
63	A Systematic Literature Review on Development of Green Financing in SAARC countries	487
64	Experimental Exploration of MRR and Kerf on MAAJDM of Alumina reinforced with Zirconia Composites	488
65	REAL - TIME ANALYTICS DASHBOARD FOR MACHINE MAINTENANCE IN LEGACY MACHINES USING DEEP TRANSFER LEARNING AND COMPUTER VISION	500
66	Productivity Enhancement Through Green Supply Chain Initiatives- An Investigative Study	513
67	Assessment framework for Lean-Sustainability Practices in Pottery Industry	521

68	Consumer's Preference towards Drugs - Generic V/S Branded Drugs - A Cross-Sectional Study	531
69	Ascertain Of Rank For (NSE) Nifty 500 By Using Various Financial Filters With The Help Of Python, Data from April 2021 to April 2022	538
70	Technological Advancements in E-Retailing: A Multilevel Integration Approach	547
71	Kinematic Control of a Wheeled Humanoid Robot with Redundant Arms	548
72	Assessment of Neighborhood Environmental Quality and Its Impact on Health and Lifestyle of Residents in Bengaluru	556
73	Identification of Key Enablers of Sensors and Sensing Systems	567
74	5 DOF WIRELESS HAND MOTION CONTROLLED ROBOTIC ARM	575
75	Identification of Service-Oriented Degradations using Non-Destructive Testing Methods on Passive Direct Methanol Fuel Cell Components	587
76	A Comparative Evaluation of Renewable Energy Capacity Development in North-Eastern States of India	600
77	QR Enabled Domestic Waste Segregation Tracking	610
78	Effect of Anthropometry on Maximum Acceptable Weight of Lift	620
79	Experiences in Online Teaching of Supply Chain Management course	627
80	Optimizing the Video Recording Settings to Improve Accuracy of Joint Angle Measurements in Gait Analysis Study	640
81	The effect of ISO 14001 Standards adoption on Manufacturing firms' "Return on Investment": Using PSM and Probit regression Models	652
82	DEVELOPMENT OF A FRAMEWORK TO ASSESS THE IMPACT OF INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) DEPLOYMENT IN SUPPLY CHAIN MANAGEMENT (SCM)	661
83	e-Bukid: A IoT Telemetry System with Automated Animal Feeder	662
84	Analyzing Digital Game Distribution in Gaming Industry: A case study	674
85	Security Assessment of an Enterprise' E-mail and Domain Name System: A Case Study	682
86	ACTIVE VIBRATION CONTROL OF MR FLUID CORE SANDWICH CANTILEVER BEAM USING PID, LQR AND LQG CONTROLLERS	692
87	Performance Analysis of EV for PV System Based on FZPO MPPT Technique	704
88	ACTIVE VIBRATION CONTROL OF VISCOELASTIC CORE SANDWICH CANTILEVER BEAM USING PID, LQR AND LQG CONTROLLERS	717

89	A Model to Facilitate Healthcare Infrastructure Pertaining to Medical Emergencies using Block Chain	727
90	Evaluation of Direct Air Capture Methodologies Based on Clean Energy and Sequestration Potential from Indian Perspective	740
91	Neutrosophic TOPSIS method with a new aggregation operator for solving MADM problems	752
92	A Comparative Study of Statistical Features used in Rolling Element Bearing Health Diagnosis using Six Sigma Approach	764
93	A Study on the Effects of Covid-19 on the Lives of Migrant Labourers	775
94	Application of simulation in warehouse management	786
95	THE PHILIPPINE GOVERNMENT'S ACT ON UPHOLDING DATA PRIVACY DURING THE COVID-19 PANDEMIC	796
96	A Study On Oxy-Fuel Combustion Diesel Engine On In-Cylinder Flow, Performance, Emissions And Comparison With Conventional Air Combustion	798
97	Production Flowline Optimization Using Simulation	810
98	Anthropometric Chair Design for People with Down Syndrome	822
99	Loyal and Disloyal Customer Satisfaction in Aviation Industry	829
100	Agile Approach to Projects – Detailed Survey of the Fitment of Next-Generation Project Management Methods in Banking and Financial Services	839
101	A Study of Impact of Green Procurement on Sustainability Performance of Small and Medium Enterprises in Pune	851
102	Risk Modelling And Supporting Techniques For Deep Excavations in Metropolitan Locations.	863
103	MODELLING AND STATIC ANALYSIS OF ROTARY EVAPORATOR PARTS USING SOLIDWORKS	873
104	Enhancing Sustainable Maritime Business through Lean, Agile, Resilience and Green (LARG) Performance Model in Indian Seaport Supply chain Operations	884
105	Exploratory Study on the impact of Digitalisation of the supply chain on performance and visibility in the Indian Manufacturing context	900
106	Experimental Analysis of Solar Air Heater Coupled with Solar Water Heating System Augmented with Reflectors	901
107	An Acceptance Study on Vehicle Scrappage Policy - 2021 Pertaining to Personal Car Owners in Bengaluru.	914
108	EVALUATING THE RESILIENCE OF A LOADING FACILITY WITH ESTIMATED TIME OF ARRIVAL INFORMATION	923
109	A Decomposition based Algorithm to minimize the One Machine Weighted Tardiness problem	925

110	Flow Analysis of Ramjet Engine for Optimized Nose Cone Design	926
111	Characteristic behaviour study of CuMnAl shape memory alloy	938
112	A Study on Hydroponic Farming in Indian Agriculture	939
113	An Interaction between Teacher and Student Digital Involvement in a Pandemic-Building Resilient Classrooms	949
114	Predicting Green Innovation Levels Among Automobile and Earthmoving Sectors	961
115	Comparative Studies of Aloe Vera Powder and Alum to Remove Turbidity in Raw Water	962
116	GARCH Model for Determining COVID-19 Pandemic effect on Hospitality Stock Returns	970
117	A study of Effective Prison Management	979
118	Analysis of the Key Drivers of International Business Strategy for Higher Education Institutions	980
119	A study on the effect of the Pradhan Mantri Fasal Bhim Yojana Scheme in Karnataka	990
120	An Empirical Analysis of the Factors Influencing the Women Investment Behavior -With Special Reference to Women in Bathinda District	1001
121	A Study on Impact Of Covid-19 on Elderly Population	1009
122	Optimization Of Order Processing Procedures To Reduce Order Execution Time	1016
123	Assessment and Evaluation of factors leading to Rural Women Entrepreneurship	1027
124	Work Life Balance of Parents with Special Need Children	1037
125	Does Social Media Marketing Stimulate Customer Engagement in Virtual Brand Communities? Examining the Related Outcomes	1046
126	Importance of People and HRM in the Digital Transformation	1057
127	Fatigue Life Analysis of Pre-cracked Aluminium alloy panel repaired with UD-CFRP & UD-GFRP patches	1066
128	Modeling Of Single Cylinder Compression Ignition Engine By Using GT-Power Software And Performance Analysis	1077
129	Price and Production Forecasting Model Of Okra – A Case Study	1090
130	Industry 4.0 Implications for Industries-Academia in the Indian Context	1100
131	Impact of Digital Transformation on IA Companies	1102
132	Implementation of Standard Work in Healthcare Industry	1110
133	Optimization and Simulation of Layout of Engine Cylinder Block Line for Improving Productivity	1116
134	Decentralized scheduling for flexible job shop with sequence-dependent setup time	1128

135	Oil Properties Analysis and Ferrography Analysis To Monitor The Condition Of Single Speed Worm Gearbox	1136
136	Experimental Investigation of EN24 Steel Against OHNS Under Wet Sliding Conditions by Using Pin-On-Disc	1148
137	Simulation Modelling and Analysis of Supply Chain Disruptions	1159
138		1171
139	Multi Criteria Inventory Classification using Machine Learning Algorithms	1172
140	Monitoring of Transformer and detection of faults in Transformer using IOT and cloud computing	1184
141	Radial Basis Function Neural Network With Wavelet Transform For Power System Fault Identification And Classification	1194
142	Real Time Hump Detection At Night Time	1203
143	Pull-based Operations in a Hostel Mess: A Case Study	1214
144	Improving Inventory Visibility by Spreadsheet Modelling: A Case Study	1226
145	Determinants of Residential Adoption of Solar Energy System: A Survey of Rural India	1233
146	Development of Light Weight Active Direct Methanol Fuel Cell	1245
147	Harmonic Mitigation in Modelled Grid Connecting Solar Photovoltaic Array System in MATLAB	1246
148	Stockout Prediction in Divergent Supply Chains using Machine Learning	1258
149	Upstream Supply Chain Activity of a Start-up Restaurant: A Case Study in Foodie Panda	1271
150	Patterns and Trends in Socio-Environmental Sustainability Practices in Leather Industry: A Bibliometric Analysis	1279
151	First Aid Medicine Vending Machine for Accident Zones of Bangalore City- An Analysis	1291
152	A study on the Effect of Covid-19 on the livelihood of the Reelers and Weavers of Sericulture Industry in Southern Karnataka”	1305
153	Experimental Investigation of AA5052 in Single Point Incremental Forming using Dynamic Tool Condition	1314
154	Economic analysis of public priced IoT based traceability system in perishable food supply chain	1324
155	Designing a distribution plan for perishable produce in a cold chain based upon final quality at destination	1334
156	Resilience Antecedents and Performance of Indian Supply Chains During Disruptions: Evidence from fsQCA	1343
157	Bird’s Eye View of Machine Learning, Deep Learning in Agriculture	1355

158	Lean Supply Chain Overview & Impact of Lean Tools on Supply Chain and Human Resources – A Delphi Study	1364
159	Distortion effect in Geometry of Prismatic slender thin wall parts of AA2014-T651 during Machining	1373
160	Evaluation of Ergonomic Risks Among Last-Mile Delivery Workers During Parcel Delivery	1386
161	Dynamic Selection of Inventory Replenishment Policies for a Fast Changing Multi-echelon Supply Chain using Machine Learning Techniques	1395
162	Identifying the Critical Success Factors in Adoption of Blockchain: A Study in Context of Accounting and Bookkeeping	1407
163	A Study to Mitigate Remote Learning and Teaching Challenges among Rural and Urban Students and Teachers in Karnataka	1419
164	Efficient and sustainable supplier selection strategy for SMEs using MARCOS: Insights from a case study.	1431
165	Evaluation of Factors of Service Quality for Intermodal Terminals	1441
166	CASHLESS SOCIETY – THE IMPACT AND PERCEPTION OF CASHLESS TRANSACTION WITH SPECIAL REFERENCE TO RAJAGERE TUMKUR DISTRICT	1450
167	Investigating the challenges of Workplace Inclusion of People with Disabilities: Transitioning the diversity game	1451
168	Development and Evaluation of Multistage Evaporative Cooling System	1463
169	Design and Assembly of Time Efficient Floor Disinfecting Robot using Artificial Intelligence	1474
170	Visualization and Validation of Assembly Sequence Using Augmented Reality	1484
171	Simulation Study on the Influence of the Traffic Conditions on Vehicle Performance and Emission	1494
172	THE EFFECT OF SOCIAL MEDIA MARKETING FACEBOOK TOWARDS PURCHASE INTENTION OF SECURITY TRAINING CARAKA SAKTI UTAMA IN INDONESIA	1506
173	The Stock Price Prediction of Electric Vehicles Using ARIMA– A Case Study of TESLA and NIO	1517
174	Analyzing the Sustainability of Implementation of QMS Principles in Higher Educational Institutions (HEIs)	1525
175	Improvement of Program Staffing Management Activity by Application of Excel Macro Automation Tool	1526
176	Evaluation of the performance measures of the impact of Industry 4.0 on Supply Chain Management in IT Industry	1539
177	Implementation of Quality Risk Management by Application of HOR Method in Drug Development Process	1551

178	Dramatization of COVID-19 Vaccination News on Indonesian News Television	1560
179	Fabrication routes of aluminium metal foams: a review	1571
180	Fault Diagnostics on Vibration Data of Taper Roller Bearing Using Deep Learning Algorithms	1590
181	Application of TOPSIS For Selecting D2C Website Development Platform	1603
182	TAM applied for serious video games: A systematic literature review	1613
183	Life Quality or Better Income: Understanding the Reasons for Migration and PR of Students from Kerala, Studying Abroad	1626
184		1633
185	Monitoring of Temperature and Toxic Gases in Autonomous Vehicles: Simulation using Tinkercad	1635
186	Investigation the Flexural Characteristics of GFRP Composite Laminate with Artificial Delamination	1643
187	Generalized IIoT architecture for Manufacturing	1654
188	Exposure to Paints and Respiratory Health Ailments among Painting Workers in Commercial Sectors	1661
189	THE EFFECT OF SOCIAL RESPONSIBILITY DISCLOSURE, CARBON EMISSION DISCLOSURE, GREEN INVESTMENT, AND FINANCIAL PERFORMANCE TOWARD FIRM VALUE: THE CASE OF INDONESIA	1672
190	Procurement Strategy for Micro Small and Medium Enterprises: Design thinking approach	1682
191	Evaluating Academic Staff Development Strategies in A Higher Education Institution Using Hybrid SWOT, ISM, and ANP	1695
192	The Effect of Adoption of Artificial Intelligence as Whistleblowing Practice with the Unified Theory of Acceptance and Use of Technology (UTAUT) Approach: A Case Study on Auditors in DKI Jakarta	1706
193	The Effect of Sustainability Management Practice, Green Intellectual Capital, and Enterprise Risk Management on Indonesian Banking Sustainable Growth	1715
194	Entrepreneurial Orientation Differences Between Generation Y and Generation Z Entrepreneurs in Greater Jakarta According to the Rasch Model	1726
195		1734
196	“Vibration Assisted Machining And Investigation Of Response Parameters On Micro-EDM Of Ti–6Al–4V Alloy Using Brass Electrode.”	1736
197	Software Test Automation of Electronic Controller Unit	1748
198	Smart Vertical Lift For Disabled Person	1758

199	The Influence of Environmental Accounting Understanding, Pro Environmental Behavior, and Go-green Based Application Usage on Environmental Awareness of Accounting Students	1771
200	Analysis of E-Commerce Repurchase Intention by Consumers during the Covid-19 Pandemic Based on Social Network Behavior	1783
201	Implementing Lean Six Sigma to Improve the Turnaround Time of Blood Samples in a Private Hospital of India	1794
202	Analysis of Breakdowns and Implementing Optimal Maintenance of Engine Cylinder Block Machines for Improving Operational Availability	1807
203	IoT-Mobile Enabled Smart Evaporative Air Cooler With Humidity Control	1818
204	Corporate E-Training Tracking Mechanism Using a Combined Application of Power Query and Power Automate	1819
205	Exploring the Reverse Causality in the Globalization-Growth Studies	1830
206	An explainable machine learning model to optimize demand forecasting in CompanyDEOS	1839
207	Process Optimization on the Basis of Full-Time Equivalent Utilization by Deriving Various Key Performance Indicators	1851
208	Factor Affecting Brand Awareness on Adoption Social Media Marketing With Facebook as the Communication Media on MSME	1864
209	Evaluation Dimensions of Teacher Wellbeing Face Recognition Application	1873
210	Assessing The Usability of User Interfaces Game "Tapel Saga" Through Heuristics Evaluation	1875
211	Impact of Covid-19 on the Efficiency of Nifty Pharma Companies	1884
212	Digital Payment Adoption : Review of Literature	1895
213	Design of ARM controlled cell balancing network-based Battery Management System for Electrical Vehicle	1910
214	Design & Development of Rotary Particle Depositor	1922
215	An Intelligent Prediction Model for Thrust Force and Torque Using Machine Learning Approach in Friction Drilling Process	1923
216	Selection Of Efficient Battery For E-Vehicle by Using Ahp-Topsis Method	1934
217	Work Standardization Using Agile Methodologies in IT Project Management	1944
218	Exploring the Implementation of Green Lean Six Sigma for Indoor Air Quality Improvement	1953

219	Strategies for optimizing the Digital Marketing campaign of the e-commerce industry by ranking the high-impact criteria using the AHP & TOPSIS method.	1964
220	Systematic Review of the Impact of teleworking conditions based on psychosocial risks in times of Covid-19	1966
221	The Connection between Manufacturing and Energy Sector and its Impact on Indonesia's Economic Growth	1977
222	Indonesia and Japan Disaster Management's Artificial Intelligence: Civil Engineering, Industrial Engineering and Business Engineering Trilogy	1986
223	Influence of Amplitude on The Value of Noise in Sinusoidal Signal	1993
224	Estimation of Equipment Impairing Factor of GSM Codec in Smartphone to Determine VOIP Quality Transported by 3G/4G Service	2001
225	Student Smart Dormitory Traffic Management Model	2008
226	Optimizing Creative Space in supporting Creative Behaviour: A Brief Description for Design	2015
227	The Effect of Technopreneurial Orientation on Co-Creation and Sustainability Value	2027
228	Analysis of Schedule Overrun Methods in Acceleration of Scheduling in the Ploso Bridge Construction Project	2037
229	Study of Factors Causing Delay of Toll Road Construction Project (Case Study: Project X)	2045
230	Analysis of Earned Value and Project Crashing Methods on High Rise Building Project Scheduling (Case Study: Sky House BSD+ Apartment Project)	2046
231	Assessing Circular Economy Barriers in Indonesian Furniture Industry	2055
232	Supporting Class Infrastructure through Task Management Mobile Application during Pandemic	2068
233	Person Detection in Point-of-Sale Application at Retail Food-Outlets	2078
234	Global Corporate Responsibility, Transparency, and the Environment: Tracing Indonesian Second Trier Suppliers of Japanese Fashions Brands	2086

280	The Effectiveness of Simple Time Series Implementation in The Culinary Industry: A Systematic Literature Review	2496
281	Seven tools analysis of the green tea industry: Systematic Literature Review	2505
282	Analysis of Online Transportation in Community Life: A Systematic Literature Review	2516
283	Analysis of Barriers to the Implementation of Industry 4.0 in SMEs of India Using A.H.P, Fuzzy-ISM & MICMAC Approach	2525
284	Performance Analysis and Marketing Strategy for Start-Up Business	2539
285	Sewage Sludge Valorisation to Biochar Through Carbonization as a Way of Promoting a Circular Economy in Municipal Sewage Plants	2553
286	A Thematic Analysis of Drivers Related to Green Human Resource Management	2566
287	A Literature Review on Procurement Outsourcing in Supply Chain Management	2578
288	Building A Green Closed-Loop Supply Chain – A Case Study in Plastic Injection Industry	2586
289	E-commerce Price Suggestion Algorithm – A Machine Learning Application	2598
290	Real Time Video Summarization Using Anchor Free Model for Capturing Events	2610
291	A Systematic Literature Review about the Influence of Good Project Management Practice Applying to Lean Manufacturing	2611
292	Industrial Development through MSMEs- A Case Study of Chittoor District in Andhra Pradesh State	2623
293	A Literature Review on Affiliate Marketing in E-commerce	2636
294	The Current and Future Research on Environmental, Social, and Governance (ESG) Performance: A Bibliometric Analysis	2645
295	CLMV, ASEAN6 and China's Belt And Road Initiative: Economically Secure, Politically Insecure	2654
296	Design and Comparison of a Lateral and Longitudinal Controller for an autonomous Vehicle	2666
297	Manufacturing data forecasting Based on ARIMA and Artificial Intelligence Neural Network model.	2679
298	Critical Success Factors of Sustainable Collection and Transportation in Municipal Solid Waste Management System for Indian Cities: An Analysis using ISM and Fuzzy-MICMAC	2680
299	fabrication and analysis of traction gear using different composite material to improve transmission of gear	2688

300	Design and analysis of Arduino based solar-driven rocker bogie robot	2689
301	Power Generation using Speed breaker with the help of a Rack and Pinion Mechanism	2700
302	Impact of covid-19 on individual investors on equity mutual funds with reference to SBI Bank, Bangalore, Karnataka.	2708
303	“Impact of PMFBYS on insurance companies in Karnataka with special reference during covid-19”	2716
304	Fabrication Of Quadcopter With Face Recognition For Surveillance	2726
