Abstract

The purpose of this paper is to review existing literature and research on entrepreneurial ecosystem for women entrepreneurs. It identifies major trends and issues and highlights gaps in the existing knowledge base on entrepreneurial ecosystem for women entrepreneurs. A systematic literature review was conducted, following the PRISMA protocol for conducting and reporting systematic reviews. Based on a systematic search of Scopus databases, a total of 33 peer-reviewed articles were included. A research agenda for further work in this area is provided within the themes of conceptual development, research contexts, and measuring and evaluating on entrepreneurial ecosystem for women entrepreneurs. The categorization of entrepreneurial ecosystem for women entrepreneurs is conducted to understand the direction of research in this field and the emphasis on specific aspects.

Keywords

Entrepreneurship, entrepreneurial ecosystem, PRISMA, systematic review, women entrepreneurs.

Acknowledgments

We would like to express our appreciation to Bina Nusantara University, for its support in providing the funds that made this publication possible. We would also like to thank the Entrepreneurship Department at Bina Nusantara University for providing support and facilities so that this research can be completed.

Biographies

Agung Purnomo is a researcher and faculty member of the Entrepreneurship Department, BINUS Business School Undergraduate Program at the Bina Nusantara University, Malang Campus, Malang, Indonesia.
