

Table of Content Paraguay 2022 Proceedings	
Title	Page Number
Analysis of scientific initiation in Brazil with emphasis on regional disparities and distribution between public and private institutions	1
Blockchain Technology and Supply Chain: A Application Review	10
Reducing Imposter Detection Time of Web Applications Using Continuous Authentication	25
Impact of Supply Chain Collaboration on the Tanzanian Agri-food Supply Chain. Intervening effect of Partner Commitment and Transaction Cost Management	27
Production of Bio Fertilizer from Blending Coal Fly Ash and Vermicompost	29
Trends In Entrepreneurship Education And Suggestions For Future Research Direction	35
Optimal Truck Dispatch Scheduling of Ready Mixed Concrete: A Case Study from Bolivia	36
Analysis of the Determinants of Consumer Credit Default Risk in Bolivian Financial Institutions	46
Effort Optimization Model in Warehouse Manual Picking. Case Study: Tusan Distribuidores	56
Machine Learning in Finance: An Application of Predictive Models to Determine the Payment Probability of a Client	68
What is Said About Elderly People in Chile: An Analysis of Topics from Most Influential Broadcasters on Twitter	82
Low-cost Dietary Plan for COVID-19 Immunity Response Using Mixed-Integer Linear Programming	96
Technologies Applied to Public Administration. A Perspective of Digital Government at A Global Level.	109
Biased logistic models applied to cervical cancer risk	118
Impact of Personal and Academic Factors on Outcome-Based Education of Third-Year Engineering Students in the University of Santo Tomas Delivered Through Full Online Modality	125
Business Growth in Relation to Utilising Word of Mouth as a Primary Marketing Tool – a Case Study on Ponipake	136
Validation and Development Strategy for Fashion Business: An Action Research Study on Euvoria	143
Design Integrated Information System for Raw Material Logistics in Jewelry Industry Companies with a Business Process Reengineering Approach Study case: PT SKKJewels	152
Industrial Engineering Receiving Area Direct Labor Calculation Process Implementation Using Simulation in Flexsim	153

Characterization of Tourism Development of the Municipalities of Lejanías, Mesetas and Uribe in the Department of Meta – Colombia	155
The Natural Language Processing (NLP) Algorithm Integrated with FMECA Analysis Applied in the Maintenance Plans Development to Power Generation System Assets	170
Application of Lean Six Sigma in the Ecuadorian Dairy Industry: Variability Reduction of the Net Weight of Cheeses	180
Project Financing Analysis Using Capital Budgeting and Multi Criteria Decision Making (MCDM) in Geothermal Projects in Indonesia	193
Optimization of Assembly Process in the Production Line to Increase Productivity with the Line Balancing Method in Indonesian Automotive sector	195
Comparative Analysis and Evaluation between Traditional and Online Learning in Engineering Education, Focused on Introduction to Engineering	197
Specialized Valid Inequalities for the Driver Scheduling Problem for Mass Transit Systems	209
Relationships Between Sleep Quality, Fatigue, Stress and Anxiety of IE41S1 in Technological Institute of the Philippine Quezon City: A Multiple Regression Analysis	211
Bitcoin's Influence on China's Political Policy from a Realist Perspective	212
Winning Strategy In The 2019 Election In Sambas District, West Kalimantan, Indonesia In The Industrial Era 4.0	213
A Correlation Study of Perceived Stress and Performance of Internship of Graduating Students	214
Blockchain Technology for Fraud Detection and Risk Prevention in Insurance Industry	216
E-government Model as Information Centre for Society and Community to Support Public Services Base on Mobile Technology	224
Smart Contract and Hash Function for Property Insurance with Blockchain Technology to Improve Claim Process Efficiency	231
The Creative Economy Research Trend in Indonesian	239
Innovative Learning Environment for Problem-solving Collaboration	240
Modelo determinístico bi-objetivo para el diseño de red de cadena de suministro de carne en cortes	241
Blockchain Technology to Improve Transparency Halal Food Global Supply Chain	252
Material Variance Reduction Through Six Sigma Approach	259
Implementing Digital Procurement in Construction Industry	283
Using Fuzzy Logic in Manual Test Script Authoring Effort Estimation in Software Test Planning	298

Assessment and Development of Vendor Management System (VMS) of Company OPQ	313
Stochastic Dynamic Optimization for Dynamic Scheduling	327
Modelling the Risk Susceptibility of Agro-Industry Circular Supply Chain During Major Disruptions: A Life Cycle Perspective	336
Will Blockchain Technology Meets Diffusion and Adoption Traceability Technology of Supply Chain Management Among Mangosteen Farmers?	344
Adoption of Internet of Thing (IoT) in Smart Hotels to Increase Supply Efficiency with Hotel Equipment Vendor	366
Factors Impacting Enrollment Rates of Foundation Universities: A Multiple Regression Analysis	373
Location of a coconut processing industry in the context of the agri-food chain	379
Reference model for business excellence logistics; application in Latin American countries	389
The Role of Accounting Conservatism Influence Financial Distress and Litigation Risk on Sustainability Report of Infrastructure Companies Listed on Indonesian Stock Exchange for the Period 2019 – 2021	392
Sustainability of Design Architectural Tourism Area (Case Study Pangandaran Tourist Market)	400
Heritage Hotel Development: How Virtual Reality Could Support the Sustainable Business Performance	409
Upstream Oil and Gas Projects Sustainability Framework Through the Lenses of Big Data Analytics, and Project Management	419
An Intelligent Model for Industry's Sustainability Assessment	426
Recommendation of Seating Configuration at Pediatric Clinic in Jakarta During COVID-19 Pandemic	437
Connectivity as a Future of Customer Experience Management in Automotive Industry in Industrial Revolution 4.0	446
Perceived Stress, Anxiety, and Memory Performance as a Mental Health Indicator among Board Exam Takers in Metro Manila, Philippines	453
Happiness Level Among School Staff During COVID-19	455
Impact of Boards Gender Diversity on Firm Profitability: Evidence from Food and Beverages Sector of Indonesia	461
Comparing the Kronecker Models with Other Alternatives	473
Application of Machine Learning algorithms for the prediction of payment by agreement in a debt collection company with the CRISP-DM methodology	474
Excellence DNA: A Practical Framework for Organizational Excellence	486
Market Basket Analysis in Polymers Industry: Power BI Case	488

Discrete Event Modeling for Operational Management of Restaurants	495
Time Series ARIMA Study of Antarctic Glacier Melting	507
Studying the COVID-19 Impact on the Antarctic Glacier Melting Rate	517
Continuous Improvement: Critical Factors in Logistics Companies in Indonesia	518
Construction Management of Civil Engineering, Industrial Engineering, and Business Engineering through Lens of Industry 4.0 within Scientometric and Bibliometric	530
Smart Tourism Destination: A Comparative Study for Five Super Priority Destinations in Indonesia	538
Construction Management of Electronic Toll Gate Perspectives of Civil Engineering, Industrial Engineering and Business Engineering on Sustainable Development Goals	553
Winning Consumers with Brand Experience: The Effect of Consumer's Brand Experience Towards Consumer-Brand Relationship	561
Role of Accounting Conservatism In Corporate Governance On Tax Avoidance	563
College Students' Intentions to Invest in the Stock Market: The Role of Individual Factors During the Covid-19 Pandemic	565
Financial Distress on Financial Statement Fraud: The Moderate Role of Female CEO	567
The Effect of Organizational Culture on Employee Performance Through Job Satisfaction as A Variable of Mediation in Primebiz Hotel Surabaya	569
Measuring the Effect of Instagram Features on Jakarta's Coffee Shop Customer Engagement	571
How Does Customer Satisfaction Matter in Telecommunication Industry?	580
The Effect of Research and Development, Product Market Competition on Firm Value (Empirical Study on Health Companies Listed on the Indonesia Stock Exchange for the 2018-2020 Period)	586
Comparison between Generation X and Generation Y on the Preferred Retention Factors	594
Development of a Web-Based Scoring Model Application to Enhance Project Portfolio Selection	602
Automation of a Methanol Storage Center for Application in Heat Treatment Furnaces	612
The Role of Workload and Organizational Culture on Employee Performance with Work Life Balance as an Intervening Variable during a WFH & WFO Implementation	625
Understanding Social Media Marketing to Emotional Experience: Self-congruence Theory Perspective	635
The Impact of Korean Celebrity Endorsements Toward Purchase Intention in Indonesia Marketplace that mediated by Brand Image and Brand Attitude	656

The Role of Entrepreneurial Experience in Empowering Higher Education Students in Greater Jakarta	668
Analyzing A Factory's Relocation Through Cost Analysis Techniques.	698
Cost Overrun Factors During the Lifecycle Phases of Buildings Construction Projects in the United Arab Emirates	700
The Effect of Shopee User Interface Attributes on Indonesian Consumer Engagement	712
Production Model to increase OEE through the application of Lean Manufacturing and Total Production Maintenance tools in animal feed manufacturing SMEs	724
The Preservation Policy of City Landscape in Japan's Kyoto for Sustainable Tourism Development	736
The Productivity of Heavy Equipment in Embankment Work Method on Toll Road Development Project	738
Strategies of the Entrepreneurial Profile of Micro Entrepreneurs from the Perspective of the Culture of Leadership, Study Range Years 2017 – 2021	748
Areas in MSMEs' Business Processes that Require New Ideas on a Regular Basis	749
Digital Marketing Learning Needs for Business Incubator Participants	754
A Conceptual Model of Web-rooming Intention of Gen Y Consumers to Buy Branded Fashion Products	759
Entrepreneurship Education at University: Business as a Coursework or Continued after Graduation	771
Entrepreneurship Education Needs of Agricultural Students	776
Self-Coaching: Evaluation of Public Speaking Ability	782
Student Motivation in Business Incubator Doing Business	787
The Type of Collaboration that Business Students Want in a Business Incubator Program	791
Selection of Power Plant Management in Order to De-Dieselisation Program of Pltd Kangean Using Analytical Hierarchy Process (AHP) and Goal Programming	797
Analysis of Determining Offshore Worker Schedules in PHE ONWJ Work Area During COVID-19 Pandemic	810
Analysis of Webrooming Behavioral Intentions on Smartphone Products in Indonesia: A Case Study of the Millennial Generation	811
Application of Lean Six Sigma in Water Testing Laboratory to Increase Efficiency and Enhance Customer Satisfaction	822
The Influence of Pro-Environmental Behaviour on the Leadership for Sustainability Among Employees in Jakarta	834

Corporate Social Responsibility and Eco-Efficiency: Impact on Firm Value in the Indonesian Manufacturing Sector	836
Exploring the Causes of the Fluctuative Indonesia's Food Waste Loss in Pandemic Era from the Perspective of Value Belief Norm	844
The Influence of Leadership Style, Work Motivation, Company Culture on Employee Competency	856
An Empirical Study of Student Acceptance toward SaaS-Based Academic Information System: an extended UTAUT model	863
Managing Customers' Purchase Intention in Fashion Branded: Experience from Indonesia	873
How to build Brand Image through Instagram Content to Improve Purchasing Decisions	882
Commucations of E-Wom, Food Quality, Price Fairness, Perceived Value, Consumer Satisfaction, toward Return Visits of Organic Food Restaurants	888
Increasing Market Strategy: Maintaining Purchase Intention on Multinational Company in Indonesia	890
Effect of Perceived Brand Matter and Consumer Engagement moderated By Perceived Popularity and Perceived Likelihood on Adding Value of Adidas Brand Co-Promotion on Instagram Users	899
Implementation of Robotic Process Automation: Audit Process, Workflow, and Competencies In Indonesian Banking Firms	901
Private Company New Share Acquisition Analysis Using Monte Carlo Simulation: A Case Study	912
Adoption Frameworks for Artificial Intelligence in the Public Sector	919
Pedals Clean Energy and Health: Smartphone and Tablets Charger	942
Design and Operating Cost Analysis of a Solar Energy Propulsion System for an Electric Passenger Boat for the Paraguay River	957
Approaches to algorithmic trading techniques: First sell and moving average crossover	966
Is it Possible to Find A Behavior Pattern for Cryptocurrencies? A First Point of View	972
Brazilian Frugal Ventilators to Tackle COVID-19	978
A Tutorial on Cognitive Radio Principles and Spectrum Sensing	992
Development of Online Training Application Using a Learning Management System (Case Study: PT. Delta Sinergi Prima)	994
Improvement of the Emergency service of an Ecuadorian children's hospital through Lean Six Sigma	1007
Improvement of the Output of a Berries Producer Through Lean Six Sigma: A Case Study	1022
Maintenance of Ecosystem Services Combined with Wind Generation as an Alternative to the Decommissioning of Fixed Platforms	1034

Artificial Intelligence as Support for Product Companies Servitization	1046
Role Of Government Internet Financial Reporting	1060
Waste in the Transportation Process Dedicated to the Offshore Chain in an Oil and Gas Company	1063
Effect of Current Ratio, Capital Structure, and ROE on Company Value with Company Size as Moderating Variable in Consumer Goods Sector Companies Listed in Indonesia Stock Exchange (2015-2017)	1075
The Effect of Corporate Ownership Structure and Board Size on Earnings Management of Non-Financial Companies Listed on Indonesia Stock Exchange in 2013-2016	1085
Determinants of Dividend Policy: A Study of Public Listed Companies in Indonesia	1098
Factors That Influence Voluntary Switching Auditors in Manufacturing Companies Listed in Indonesia Stock Exchange	1104
The Effect of Term Debt Short, Investment in Fixed Assets, Board Size, Networking Capital, Leverage, Firm Size and Return on Assets on Cash Holding in Goods Consumer Sector Companies Listed in Indonesia Stock Exchange	1112
Analysis of Factors That Influence Buying Interest in Halal Innovative Products: Study of Body Lotion Brand Product	1123
Start Up Business ABC Sundanese Kitchen & Coffee Shop	1132
Influence of Work Discipline, Motivation and Organizational Commitment to Employee Performance	1134
The Effect of Social Media Marketing and Service Quality on Consumers Purchase Intention in PT. XYZ (Case Study of Pasaraya Grande Branch)	1136
Optimization of The Amount of Facial Wash Production in PT. XYZ Using Linear Programming Method	1139
Raspberry Pi Zero Door Locking System with Face Recognition using CNN (Convolutional Neural Network) and Fingerprint Sensor	1147
Eco-Behavior Methods in Interior Design for Rehabilitation Center for Children's Survivors of Violence	1153
Proposal for the location of facilities with a humanitarian approach	1161
Effect of Sample Rate on Frequency Values in Sinusoidal Signals	1173
Conceptualizing Environmental Corporate Competencies: A Semantic Analysis	1180
ERP System Integration Design Based on E-Supplier Self Service 4.0 for A Sustainable Service and Logistic System	1193
House of Risk (HOR) Analysis as a Supply Chain Risk Mitigation Method at CV. XYZ	1203

BeeDelibox: A Better Solution for Food and Beverage Delivery Box Based on Authorization	1214
Innovation Performance as Mediator: Does Entrepreneurial Orientation Predict Business Sustainability?	1223
Gender Dynamics in Environmental Literacy of East Java Millennials	1233
Automatic Clothes Retriever (ACR)	1240
Integrated Service Providers or SME: Business Consultation, Business Education and Business Promotion with Implementation of Quality Function Development	1249
The Effect of Thermal and Natural Lighting on The Working Environment in Heritage Building Case Study: The Batik Artisans in The Canting Workstation of Go Tik Swan	1256
Marketplace Application Development for Supporting the Economic Growth in the Covid-19 Pandemic Era with Flutter Technology	1265
Infrastructure Development Under the President Jokowi Administration	1276
Circular Design Approach as Strategy for Sustainable Architecture in Cultural Heritage Building in Lasem	1278
An Escaping Space Adopting the Adaptive Reuse and Third Place Concept. Case Study: Gedung Filateli, Pasar Baru, Jakarta	1280
Sustainable Materials Application in Interior Elements as Stimulant of The Visually Impaired Person's Movement in PSBN Wyata Guna's Dining Area	1282
Digital Placemaking Approach Through Hybrid Space Towards Sustainable Architecture and Urban Design in Public and Heritage Environment	1296
The Exploration of Co-Existence Between Environmental Sustainability and Business Profitability Amongst Young Restaurant Ecopreneurs	1298
Business strategy of traditional Thai cotton dress for Generation Z on Mae Fah Luang campus by using Best-Worst Method	1319
The Potential of Rainwater Harvesting as an Optional Water Supply of Building XYZ	1329
Feed formulation problem in Peruvian aquaculture: A mathematical programming approach	1337
Predicting Dengue Cases in Five Municipalities of Santander, Colombia using Machine Learning Models	1346
Bibliometric Analysis of Publications Related to Supply Chain Management in Restaurants Before and After the COVID-19 Pandemic in the Period 2010-2022	1348
Portfolio Management of Social Projects - A Case Study in IFSP - 2021	1359
Machine Learning and Human Resources Management in the private sector: A bibliometric mapping perspective	1370
ISO 55001 in Brazil: why few companies are practicing the standard?	1382

The Effect of Technology Acceptance Model, Manager Competence, and Enterprise Risk Management on Competitive Advantage: Mediating Role by E-Commerce Adoption and Moderating Role by Financial Literacy	1395
Measurement of oxygen in an abalone using a non-invasive technique	1408
Impact of the preschool program on the socio-connective variables developed by the beneficiary children: the case of rural morocco	1409
Determinant Factors for Managing Competitive Advantage on Organizational Sustainability	1423
Determinant Factors For Innovation Project Management On Project Performance	1436
Industry 4.0 Solutions Network for Wire Harness Test Equipment Industry	1447
Knowledge-Processing Capabilities On Innovative Work Behavior: The Role Mediating Of Employee Creativity	1458
Regenerating Innovative Behavior in Non-Profit Organization	1471
Biophilic Research Trends: An Overview Research From 2016-2021	1481
Information Technology Governance in Public Sector & Government Institution: A Systematic Literature Review	1483
Medium-Term Capacity Planning in Servuccion Systems: Case Study specialized Outpatient Medical Services	1486
Improvement Of Occupational Health And Safety (OHS) System Using Systematic Cause Analysis Technique (SCAT) Method In CV. Wira Vulcanized	1488
Productivity increasing through the implementation of a service management model based on Lean Service, MRP, and SLP in cleaning and pet care services SMEs	1500
Cinemagraph Research Trends From 2011-2021	1511
Two Decade Research Trend in Artificial Intelligence of Climate Change: A Bibliometric Analysis	1513
Mapping Research Trend Of Gamification From 2016-2021	1515
Waterfall Model for Design and Development Coffee Shop Website at Malang	1516
Mapping Research Trend Interactive Design In Indonesia: An Overview From 2016-2021	1517
Computer Graphic Education: A Bibliometric Analysis	1519
Bibliometric Analysis of Photography Architecture Research: Ten Years Review	1521
Effect of E-Service Quality, Customer Perceived Value, and Price on Customer Satisfaction in Healthcare Application	1523

A Bibliometric Review of Global Research on Artificial Intelligence in Business and Economics Research In 20 Years	1531
A Decade of Artificial Intelligence in E-Commerce Research: A Bibliometric Study	1533
Artificial Intelligence for Digital Business Models: A Scientometric Analysis in the Last Ten Years	1535
Digital Transformation Research Trends: An Overview Research from 2017 - 2021	1537
Bibliometric Analysis on E-business Research in Indonesia Over the Last Ten Years	1539
A Literature Review on Digital Transformation in the Construction Industry	1541
Market Basket Analysis With Equivalence Class Transformation Algorithm (ECLAT) For Inventory Management Using Economic Order Quantity (EOQ)	1552
China Diplomacy and Manufacturing Hydro Dam in Mekong River	1562
Environmental Knowledge, Attitudes and Intentions - A Bibliometric Review	1564
Japan-China Rivalry in Jakarta-Bandung High-Speed Railway Infrastructure Project	1576
Foreign Direct Investment in Indonesia's Automotive Industry	1578
Layout Redesign Using Computerized Relative Allocation of Facilities Techniques (CRAFT) Algorithm Method (Case Study: PCL Company)	1580
Proposed Marketing Strategy Design During the Covid-19 Pandemic on Processed Noodle Products Using SOAR and AHP Methods	1591
An Economic Analysis of the Roles of Metal Industries in the National Economy: The Case of Japan	1604
A Systematic Review of Literature about the Influence for Right Project Management Apply to the Good Practices of Lean Manufacture	1619
Increasing the level of service through the implementation of 5S and MRP tools in SMEs marketing pharmaceutical products: An empirical investigation in Peru	1631
Electro Discharge Machining Process- A Review	1643
The Influence of Internship and Self-efficacy on Work Readiness among Higher Education Students in Jakarta	1645
Multi-Depot Vehicle Routing Problem with Heterogeneous Fleet for Distribution of Fuel Oil in The Eastern Region of Indonesia	1652
Interaction of State and Non-State Actors in Environmental Governance: the Case of Montara Transboundary Pollution	1665
The role of digital leadership to improve innovation capabilities and TQM of MSMEs in Indonesia	1667
Young Generation's Perception of Electric Cars Through Youtube Ads	1676

Distribution Route Optimization using Fleet Size and Mix Vehicle Routing Problem: a Case Study at Bali-Nusa Tenggara LNG Distribution	1681
A Systematic Literature Review of Total Quality Management in Food and Beverages Industry	1691
Comparision of Location Decision in Firm Operational for Manufacturing and Non-Manufacturing Industries (Delphi Method): A Systematic Literature Review	1693
Implementation of Lean Six Sigma in Textile Industry: A Systematic Literature Review	1695
Implementation of Business Sustainability in Jakarta's Micro Small Medium Enterprises	1706
Impact of the Application of Lean Manufacturing in Sausage Production Line Equipment in the Food Manufacturing Industry in Metropolitan Lima	1716
An Analysis Approach of The Influence of Customer Reviews and Ratings, Influencer Reviews, and References Group on The Purchase Decision of Frozen Food Products	1727
The Development of Fintech in Developed Countries of Asian Region: A Literature Study	1738
The Use of Social Media in Digital Marketing: Case Study at Ijo Coffee Shop Malang	1740
Communication Process of Private Education Institution's Marketing Team in TikTok for Marketing Activity	1741
The Effect of Communication, Knowledge, and Capability of Stakeholders on the Success of ERP Implementation in Indonesia	1742
ERP Investment Overview in Developed Countries	1743
Utilization of Social Media Platform in Promotional Activities by Analyzing User Interest	1744
Application of Data Mining Using the K-Means Clustering Method in Analysis of Consumer Shopping Patterns in Increasing Sales (Case Study: Abie JM Store, Jaya Mukti Morning Market, Dumai City)	1757
Videos to Enhance Level of Interest in Television Shows through YouTube : A Qualitative Study	1770
Lean Logistic and Demand Planning Model	1778
Understanding Game Industry: How to Maintain Creative Performance?	1790
Defense 4.0 - A Bibliometric Review and Future Research Agenda	1800
E-Service Quality In Digital Health Applications	1809
Consumer Usage Intention On Digital Health Application Using Extended TAM	1818
Redesign of a Workstation in The Cutting Area of a Company in The Textile Industry to Increase Productivity	1825

Analysis of the contribution of Social Innovation during the COVID-19 pandemic	1838
Digital Investment Innovation: Conceptual framework to explore Robo Advisor in Indonesia	1852
A Critical Review on Fluid flow Simulation and Analysis of LNG-driven IC Engine	1853
Iraise Satisfaction Analysis Use The End User Computing Satisfaction (EUCS) Method In Department Of Sains And Teknologi UIN Suska Riau	1863
Production Line Improvement Analysis With Lean Manufacturing Approach To Reduce Waste At CV. TMJ uses Value Stream Mapping (VSM) and Root Cause Analysis (RCA) methods.	1875
Systematic Literature Review: Product Quality Control in The Manufacturing Industry with Seven Tools Method Approach	1888
Proposed Improvements to The Chip Raw Material Control System Using the Continuous Review System and Periodic Review System Methods	1889
Factors that Determine the Use of Online Food Delivery	1900
Important Aspects in Product Development of MSMEs' e-Business	1904
Payment Gateway Used by MSMEs in Processing Business Transactions	1910
Check the Sensitivity of Cost Parameters in Construction Projects Using Deterministic Model	1915
The Effect of Product Reviews and Service Quality on Consumer Purchase Decisions of E-Commerce Tokopedia in Bandung	1921
Effect of Ownership Structure, Growth, and Liquidity of a Company on Dividend Policy (Case Study pthere are Insurance Sub-Sector Companies that are registered on the IDX for the 2018-2020 Period)	1932
Gubo: iOS Based Travel Destination and Itinerary	1940
Prediction of Asteroid Hazard Distance through Earth's Orbit Using K-Neirest Neighbor Method	1950
Comparison Between Davies-Bouldin Index and Silhouette Coefficient Evaluation Methods in Retail Store Sales Transaction Data Clusterization Using K-Medoids Algorithm	1952
Why Service Climate Matters for Supply Chain Adaptability and Resilience of Logistics Service Provider: A Study of Blockchain Applications	1962
Structural Transformation and Productivity Growth in Morocco	1965
Moderating Effect of Supply Chain Complexity on Supply Chain Alignment and Resilience: A Study of Blockchain Applications on Logistics Service Providers	1973
The Influence of Corporate Governance Mechanism on the Financial Performance of the State-Owned Bank Listed On the Indonesia Stock Exchange (IDX)	1976
Classification Of Drug Data Planning Using K-Nearest Neighbors Algorithm	1985

Implementation of Open-Source Technology to Accelerate the Development of Industrial Automation in Paraguay	1987
Improvement of Productivity in the Circular Knitting Area, using Lean Methodologies in SMEs of the Textile Sector	1988
Lean Tools and Systems, and their applications in diverse fields- A Review	1998
Proposal of a Coverage Model to Support the Surveillance and Security Management in the Asunción Botanical Garden and Zoo	2000
Design of a Localized Air Exhaust System For an Undergraduate Dental Practice Room Under Covid-19 Context, a Case Study	2011
The Effect of ESG Reporting to Performance of Company Moderated by Board Gender Diversity in Publicly Listed Companies under Indonesia Stock Exchange ESG Leader Index	2021
Design a Treadmill HIIT Program with Six Sigma DMAIC Methodology for Diabetic Patients	2029
Benchmarking study of Moroccan SMEs using Lean management tools in order to ameliorate their performance. (Case of SMEs based on Casablanca)	2031
Aircraft Material Purchasing Planning Optimization Using 3 Different Model (Economic Order Quantity, Least Unit Cost And Wagner Within Algorithm)	2045
The Increasing of Online Local Brand Purchase: Influence And Relationship On Brand Loyalty And Word Of Mouth During The Pandemic	2046
Development of Blockchain-Based Smart Contract and BIM in Construction Project to Overcome Delay or Failure in Payment	2048
Evaluation of Human Factors in Redesigning Library Bookshelves for The Blind Using The Ergonomic Function Deployment (EFD) Method	2050
Investigating the Low Conversion Rate Through User Experience Analysis: A Case of Telecommunication Company Website	2063
Insurance Technology (Insurtech) : A Momentum To Restore Public Trust In Insurance During Pandemic	2079
The Influence of Social Media Marketing Activities on Brand Awareness, Brand Image and Brand Loyalty in Cititrans Travel	2086
The Effect of Consumer Trust, Attitude and Behavior Toward Consumer Satisfaction in Online Shopping Platform	2097
The Effect Of E-Service Quality On E-Customer Loyalty Through E-Customer Satisfaction As An Intervening Variable (Case Study On Sociolla Application)	2106
The Impact of Customer Satisfaction on Customer Behavior in Purchase Intention in Local Brand Product (Urban Traffic Distro)	2117
How Social Media Marketing Consumption, Curation, Creation, And Collaboration Affecting Consumer Buying Interest	2124
Workshop evaluating the systems integration of a CubeSat as an effective tool for STEAM education, a case study of work in progress.	2130
Strengthening Innovation Strategy through Intellectual Capital And Technological Strategy	2139
Third-Party COVID-19 Vaccine Distribution Management	2146

Systematic Literature Review: The Relationship between Lean Six Sigma and Sustainability	2160
Post-Disaster Humanitarian Logistics In Natural Disasters: A Systematic Review	2174
Design and Testing for a Passive Stabilizer Fin for a Rocket.	2183
Design and Fabrication of a Large GTEM Cell for Electromagnetic Compatibility Testing	2184
Design of Ventilation and Separation System for Wood Dust Sawdust in an Industry Using Computational Fluid Dynamics	2193
Hyperparameter Optimization of Deep Learning Model for Short-Term Electricity Demand Forecasting	2207
Assignment of Patients to ICU Beds in Health Emergency Situations through Mathematical Programming	2216
Natural Light as an Interior Lighting System Through Fiber Optic Transmission in Paraguay	2225
Two-Speed Parachute Design Applied to Medium Payload, a Case Study	2231
Feature Selection within Time Series Clustering: A Case Study of Dengue in Paraguay	2233
Natural Language Processing to Improve Information Retrieval for Meeting Minutes Written in Brazilian Portuguese	2243
Thermal Vacuum Chamber Structure Design for a 1U CubeSats	2244
Design of a production and inventory plan from the breeding of Bombyx mori worms	2252
A Low-Cost Geomagnetic Field Station	2254
Design of Metallic Pedestrian Bridge for Accessing to the National University of Asunción Campus, a Case Study	2262
The impact of COVID-19 on the supply chain disruption of Micro and small companies in the confection sector in Lima during 2020 and 2021	2263
Use of Waste to Obtain Energy in Latin America: A Systematic Review	2274
Agility and Lean in the Supply Chain in Manufacturing SMEs: A Review of the Literature	2286
Analysis of the Influence of work life balance and work engagement on turnover intention on Milenial and Generration Z in Indonesia	2298
Evaluation of the Implementation of an Integrated Warehouse Management System for Products in Continuous Flow in a Distribution Center of a Retail Chain.	2299
Analysis Application of The Capm Method in Determining Investment Decision In Stocks (Case Study on Pharmaceutical and Health Sub-Sector Companies on the Indonesian Stock Exchange)	2314

The Effect of Discounts, Vouchers, And Cashbacks On Customer Interest Using Digital Payments (Case Study on ShopeePay Generation Z Users in Bandung City)	2323
Small Radio Telescope for Observing the Neutral Hydrogen Line of the Milky Way	2329
Research Trends in Sustainable Competitive Advantage Management Over the Last Decade	2337
Effects Of Transformational Leadership And Work Environment Toward Organizational Citizenship Behavior On The Employees Of Graha Telkomsigma Tangerang	2347
The Effect of Career Development And Work Dicipline on Employee Performance Pt Telkom Purwokerto	2353
The Influence of Work Discipline and Motivation on Employee Performance of PT Telekomunikasi Indonesia Riau	2359
Effects of Training on Employee Performance Study on Employee's of PT Anindya Mitra Internasional	2363
The Design of Sustainable Lifestyle Application User Interface Using Design Thinking Approach	2368
China Digital Silk Road & The Deployment of 5G Infrastructure in ASEAN (2019-2021)	2381
Factors That Influence Project Resilience: A Literature Review and Bibliometric Study	2382
Marketing Strategy Planning Using SOAR Method and Quantitative Strategic Planning Matrix (QSPM) (Case Study: Computer Embroidery Business Jonifer Embroidery)	2384
Development of a Conceptual Framework for Quality Management System Implementation in Small and Medium Enterprises in South Africa	2393
Analysis of Determining Offshore Worker Schedules in The ONWJ Working Area During The Covid-19 Pandemic	2410
