The Effect of Background Music on Immersion in Virtual Social Game Experience	1
Optimization Design of IPM Motor for Express Delivery MotorCycle	2
Multi-Optimization of Line Start Permanent Magnet Assistance Synchronous Reluctance Considering Skewed Effect and Demagnetization	9
Peak Torque Evaluation of IPM 150kW for EVs	20
Optimal Design of Induction Motor using Genetic Algorithm with Different Rotor Slot Number	30
Taguchi Methods (TM) And Internet of Things (IoT) In Additive Manufacturing (AM): A Brief Literature Review	38
Holonic (HM), Fractal (FM) And Bionic Manufacturing (BM): A Brief Literature Review And Few Propositions	40
Hybrid Model For Locating Fire Station In A City	46
Model for Locating Hospitals in a City	53
Behavioural Finance (BF) And Portfolio Optimization Problem (POP)	60
Developing Data Analytics Skills for Complex Thinking Among Tomorrow’s Global Engineering Leaders	67
Container Pickup and Delivery with Charge Planning using Diesel and Battery Electric Heavy-Duty Trucks	73
Sustainability and Resilience in the Nigerian Power sector	75

Application of Marketing Management Techniques in Bio Coal Marketing	87
Integrating E-S-QUAL Model and Analytical Hierarchy Process to Assess Consumers' Preferences in Selected Online Shopping Platforms in Manila, Philippines	94
Determining the Level of Prefabricated Modules Requirement in Offsite Construction	107
Prioritization of Fire Risk Remedial Actions in the Ready-Made Garment Industry of Bangladesh: A Hybrid MCDM Approach	115
Picking Optimization in a Peruvian SMEs Based on Lean Warehousing Techniques	128
An Exploration of the Notion of Improvisation within Project and Project Management	142
Agility in Resilient Supply Chain Risk Management Design to Cope with Supply Shortage under Covid-19 Pandemic: Simulation-based Supplier Strategy	152
The Antecedents and Marketing Outcome of Customer Trust in the On-demand Ridesharing Platform	154
Blockchain Technology for Customer Protection in E-Commerce Transaction	166
Knowledge Management System Model for Start-Up Business Community	173
Combination E-learning and Knowledge Management System to Increase SMEs Knowledge	178
The Origins and Evolution of Social Commerce: Enhancing E-Commerce Platforms with Social Features	185
an innovative method to connect 3d printed components using a 3d printed compliant mechanism	197
Knowledge Management Model for Farmer as Socialization Tool to Support Implementation of Smart Farming in Indonesia	205
Analysis of the Effect of Learning on the Solution of a Simple Assembly Line Balancing Problem	207
Socialization interaction Model Increase Knowledge Transfer in E-learning for Student in Higher Education	218
Analyzing Lexical and Prosodic Features of Bilingual Job Interviews in Evaluating Interview Performance	220

Quality Management Directing The Way To Defect Reduction And Production Improvement	232
Supply Chain Agility, Complexity and Resilience: An Empirical Study of Blockchain-Technology Application in Indonesia Logistics Service Providers	240
Improving Firm Performance through Supply Chain Adaptability and Resilience: Service-Blockchain Based View	242
Enterprise Operations in a Three-Level Supply Chain Under Cap-and-Trade Regulation	244
Collision avoidance and trajectory tracking for multiple autonomous mobile robots in robot operating system	246
Minimizing Maximum Lateness for a No-Wait Flowshop Scheduling	248
Design of Work Facilities in Magetan Leather Shoes SMEs	250
Designing a Storage Facility Using the Value Engineering Method for the Semi-Finished Leather Shoe Product: A Case Study on Small Leather Shoes Industry in Indonesia	261
Mobile Application Prototype for the Development of Phonological Awareness in Children's School	267
Communication plan for the Scientific Documentation and Archive (DYAC) web platform	278
Drones in Manufacturing: Opportunities and Challenges	290
Methodology for the Evaluation of the Value Chain in the Chemical Industry	299
Evaluation of the complexity of generic models in system configuration	310
Thinking about the sustainability of a Start Up project: UDA-ERP case	312
Digital Supply Chain: Conceptualisation of the Research Domain	325
War of the Wilds: Future Invaders and Invasions	339
Factors Determining the Behavioral Intention to use ConSite Application for Heavy Machine Management System: Using TAM 2 Model	348
Application of Linear Programming in the Optimal Installation of Waterproofing Membrane in the Construction Projects	358

Measuring Industrial Sustainability Performance in Small and Medium-sized Enterprises: Analysis of Sustainability Indicators	367
Implementing a PSS approach to improve maintenance operations of facility equipment	379
IoST: A Multi-CubeSat Cognitive Radio Network	391
American Sign Language Interpret using Web Camera and Deep Learning	397
Effect of Entrepreneurial Marketing on Innovative Capability in Coffee Shop Industry	408
Optimization of the Cost and Duration in the Tower Crane Installation Using Goal Programming (GP) Model	416
Workbench Design Based on the NIDA Method in The Finishing Stage of Leather Bag Production	426
The Effects of Extended Exam Time on the Performance of Regular Engineering Students	435
A Decision Support System for a Modified Kanban-Controlled Flowshop	444
THE EFFECTIVENESS OF COVID-19 VACCINE SUPPLY CHAIN IN INDONESIA AND HUNGARY	446
THE EFFECTIVENESS OF COVID-19 VACCINE SUPPLY CHAIN IN INDONESIA AND HUNGARY	461
Aggregate Inventory Control Using EOQ and ROP Models Boost Efficiency During Pandemic	476
IPA ANALYSIS OF SERVICE QUALITY (SERVQUAL) CASE STUDY: THE LARGEST MORTGAGE BANK IN INDONESIA	477
THE PHENOMENON OF E-WALLET USAGE IN INDONESIA BASED ON THE THEORY OF TECHNOLOGY ACCEPTANCE MODEL	487
THE MOST PREFERABLE OF E-CRM VALUE ON E-COMMERCE SECTOR FROM THE USERS PERSPECTIVE. CASE STUDY: INDONESIAN MARKETPLACE	497
Ergonomic improvement in a roll-forming station for a metal-mechanical company	507
Systematic Literature Review: Employee Stress Levels During A Pandemic in The Manufacturing Industry	516
Defensive Strategy Living and Rising from Industry Tourist During time Pandemic	529
A Study to Analyze The Impacts of COVID-19 on The Textile Industry: Evidence from Bursa,Turkey	541

A MULTI-CRITERIA DECISION MAKING MODEL FOR A DRIVE-THROUGH TEST STATION SITE SELECTION IN EPIDEMIC SITUATIONS	552
Model to determine humidity level of cloud seeding for agribusinesses in Mexico City	572
Blockchain-based Smart Contracts for Sustainable Food Waste Management and Collaborations	583
Business Ethics 4.0 Industrial Revolution Era: Systematic Literature Review	597
Consumer Loyalty to the Use of e-Marketplaces in Indonesia: A Systematic Literature Review	598
Relation Between Indonesia Human Resources Quality and Textile Industry Investment	605
The Impact of South Korean Cultural Diplomacy and Companies Market-seeking towards Food Industry in Indonesia	614
Integrating Government Policy and MNC Actions in SDGs: A case of Jakarta Government and Unilever Indonesia	615
Project "Schedule Is Different" Why? and What Should Be Done About It?	627
Contribution of Danone-AQUA in Realizing Sustainable Development Goals (SDGs) in Indonesia through the Corporate Social Responsibility (CSR) Program: Case Study #BijakBerplastik Campaign	628
Scheduling Problem Challenges Arising in a Textile Company and Solution Proposals	639
Determination of Occupational Stress Factors of Firefighters in Kuwait	641
Genetic Algorithm vs Fireworks Algorithm in Solving the Renewable Energy Integration Problem	652
Empowering Innovative Team: McClelland's Needs Theory with Rasch Model Analysis	653
Performance, Governance, and Dividend Policy of Family Firms In Indonesia	662
A comparative study on skill development between male and female expatriates in Taiwan	673
Towards Smart Society: Deployment of Drones in Optimizing the Allocation of Covid-19 Vaccines, the Case of Qatar	684
Analysis of the Impact of COVID-19 Pandemic on Key Supply Chain Processes Through System Dynamics	699
Mining Process Systems in the Industry 4.0 Mandate Towards the Plant of Future	713

Artificial Intelligence in Procurement: An Overview and Case Study of Qatar Foundation	722
Systematic Literature Review on the Work from Home Concept	733
Examining Entrepreneurial Orientation Among Newbie Entrepreneurs in COVID Pandemic Era based on McClelland's Social Motives	748
The Impact of Production and Operations Within Transport Management Supply Chain Industry.	759
The Improvement of Product and Process Design of Sanitary Pads	767
Tourist Loyalty in the European Themed Restaurants	773
Overview of project management: Traditional versus Agile approach	783
Understanding Diversification Strategies of An Indonesia's Coal Mining and Heavy Equipment Company	795
Implementation of Porter's Strategy in Coffee Shop using SWOT and Marketing Mix Analysis	808
Impact of Fuel Oil Power Plant Diversification to Operational Effectiveness: Case Study in A Mining Company	814
Comparison of Porter's Generic Strategies in Indonesia's Fashion Retail Companies: A Case Study	825
Alternative Business and Operational Strategies of an Airport Service Company	836
How can management and process methodologies help to define a roadmap for digitization? A proposal based on a practical case	845
Porter's Generic Strategies: A Case Study of The Transition of Indonesian Conventional Taxi Company to An Online Based	858
Analysis of Cost Leadership Strategy in Cosmetic Industry	867
A Structural Model for Adoption of Omnichannel Apparel Retailing in India	874
Emergent Strategies from COVID-19 Pandemic on Indonesian Medical Equipment Manufacturer	886
Effective Leadership style for Generation Z	894
Promoting the Development of Additive Symbiotic Networks With the Adoption of Blockchain Technology	903
Porter's Five Generic Strategies: A Case Study from Bicycle Company during Covid-19 Pandemic	905

The Implications of Smart Tip Nudging: A Data-Driven Behavioral Economic Study	912
Acceptance, Performance and Challenge Development Hospital Information System at 2 Public Hospitals in Jambi Province	924
Fleet Sizing of Heterogenous Fleet of Trucks in a Material Handling System Using Anylogic Simulation Modelling	937
A Novel Approach for Passenger Demand Forecasting of a New Railway Services	948
Strategic Implementation Comparison of the Indonesian Telecommunications Industry along Pre-Pandemic until Post-Pandemic Covid 19 Era	957
Analysis of Business Strategy in Logistics Companies as Contract Logistics of Finished Goods in The Technology Sector	968
Improving Entrepreneurial Orientation Through Entrepreneurship Motivation and Innovation Capability	979
Effect of Brand Psychological Ownership and Value Congruity to Brand Attachment and Behavioral Brand Loyalty through Customer Brand Engagement	985
Implementation of Porter's Generic Strategy in Indonesian MRO Company Post COVID-19 Pandemic	993
Implementation of Cost Leadership Strategy in Indonesian Fertilizer Company	1001
Internal and External Assessment for Cyber Defense Platform Startup	1011
Risks and opportunities within Lean 4.0 systems: SWOT analysis	1018
Cloud-Based Picture Archiving and Communication System (PACS)	1027
Pharma in the context of Industry 4.0 - Challenges and opportunities based on a literature review	1038
Preliminary Analysis of Parents' Perceptions of Parental Control Apps: A case of Indonesian	1051
Readiness to Adopt Gamification in Human Resource Activities: A Study in Selected Manufacturing Companies	1053
Multilevel Integration in E Retailing: Concept and Framework	1056

The Challenges of Digitalisation – the Role of Leadership, Culture and Technology based on a Systematic Review	1076
Strategy to Improve Quality of Medical Certificate of Cause of Death in health facilities: An Analysis of Mortality Surveillance Data DKI Jakarta Province, Indonesia 2016-2019	1078
Rethinking Supply Chain Management: A Machine Learning Perspective	1087
Debt Buildup Waves and Economic Growth Nexus: An Empirical Investigation of Morocco	1100
A Proposed Factory Layout and Improved Process Time Using Lean Tools for FITCO Detergent Factory in Qatar	1111
Improving Production Planning Strategy in Micro Business by Using Forecasting and Master Production Scheduling: Soku Bakery Case Study	1123
Production Planning in Pharmacy Industry Using Double Weighted Moving Average and Holt Linear Forecasting Method	1131
Optimizing Inventory Management in Micro Small Medium Enterprise (MSME) Using Material Requirement Planning (MRP)	1142
Optimizing Efficiency through Application of the Materials Requirement Planning and Demand Forecasting: A Case Study of a Small and Medium-Sized Enterprise in the Tea Beverage Industry	1152
Demand Forecasting and Material Requirements Planning to Improve Production Planning of Small Apparel Enterprise	1163
Aggregate Planning to Minimize Cost of Production of ABC Company with Forecasting and Master Production Schedule Approach	1173
Improving Inventory Management by Better Forecasting Method for Healthcare Industry Company	1184
Material Requirements Planning for PT Petrokimia Gresik's Fertilizer Production to Reach Production Cost Efficiency	1194
Improving Coffee Xyz's Production Planning using Forecasting and Master Production Schedule	1200

Improvement Analysis On Optimization Production Management at Ginger Factory using Forecasting and Production Planning Method	1207
The influence of SCM practices on port supply chain performance: Moroccan case study	1220
Fuel Consumption Forecasting in a Mining Industry Using Moving Average Forecasting Method and Single Exponential Smoothing Method in PT. Pertamina Geothermal Energy	1222
Optimization Study: Bolt Food Delivery	1236
Development of Smart Electricity Distribution Algorithm for Multi-Source and Segmented Loads in Buildings	1238
Occupational Safety and Health Risk Assessment of Workers in the Hospitality Industry	1252
