3rd International Conference on Industrial Engineering and Operations Management, India,
November 02-04, 2023

| Title | Page |
|------------------|------|
| Title | ii |
| Masthead | iii |
| Welcome | v |
| Committee | vi |
| Table of Content | xxii |

| ID | Title | Start |
|----|---|-------|
| 11 | Circular Economy as an Environmental Strategy Post COVID-19 in a Bus Manufacturing Industry in the State of Mexico | 1 |
| 14 | Automotive Aerodynamic Drag and Lift Analysis using Computational Fluid Dynamics Software : A Review | 12 |
| 21 | Nanobubble Technology and Biopolymer Composites: A Review | 23 |
| 32 | Application of Genetic Algorithms to Optimize Distribution in Food Transport Companies: A Systematic Literature Review | 24 |
| 33 | Solving Order Batching and Assignment Problem with Multiple Pickers and Central Depot | 38 |
| 34 | Sagarsona-Mycorrhiza: A Miracle Bio-fertiliser Combination and Its Benefits in Agriculture for Sustainability | 48 |
| 35 | Home Office Physical and Psychosocial Ergonomic Effects on the Job Satisfaction of Service Sector Employees in Peru | 51 |
| 38 | Agriculture For Sustainability with Socio-Climatic Protection with Quality Livelihood | 63 |
| 39 | Safety Model based on 5S, TPM and Work Standardization to Reduce the Accident Rate in an SME in the Construction Sector | 86 |

| | | |
|----|---|-----|
| 40 | Service Model Based On Standardized Work And Supplier Management To Increase The NPS In A SME In The Restaurant Sector. | 96 |
| 41 | Inventory Model Based on Lean Healthcare, EOQ and ABC-VED to Reduce Stockouts in a SME in the Pharmaceutical Sector. | 108 |
| 42 | Service Model Based on Lean Service and TQM to Reduce Returns in SME from the Mass Consumption Sector. | 120 |
| 43 | Production Model Based on SMED and Work Standardization to Increase Efficiency in the Cutting Area of a Textile Company | 129 |
| 48 | From Traffic Control to Self-Care: A Study on Mental and Physical Well-being of Traffic Police Personnel in Identified Areas of North Bengaluru | 137 |
| 49 | Advancing Diversity and Inclusion for Women in Engineering | 147 |
| 51 | Machine Learning-Based Weldability Assessment and Optimization of Resistance Spot Welding Joints: A Data-Driven Framework | 159 |
| 53 | Additive Manufacturing Process Control Using Machine Learning | 167 |
| 56 | Reverse Logistics As a Way To a Sustainable Transformation In Organizations: A Literature Review | 181 |
| 57 | | 196 |
| 61 | Potential for Producing Liquid Fuels from Co-Processing of Coal Fines and Municipal Solid Waste Plastics Using Red Mud as Catalyst | 198 |
| 64 | Valorization of Piggery Slurry Wastewater to Bioenergy | 208 |
| 84 | The Status Quo of Fourth Industrial Revolution (4IR) in the South African Higher Institutions | 229 |
| 86 | Self-Assessment Model for Sustainable Progress in Pharmaceutical Sector | 238 |
| 88 | Techniques of Machine Learning Applied to Reduce Employee Turnover in a Company Cleaning and Disinfection | 239 |
| 90 | Techno-Economic Assessment for Valorisation of Waste Sawdust Biomass to Biochar Based Capsules | 251 |
| 91 | Correlation of Food Insecurity and Academic Performance in University-Belt Students Around Metro Manila, Philippines | 279 |
| 94 | Lean Manufacturing Tools for Operations Management Based on PDCA Cycle | 291 |
| 95 | Sharing Economy: Developing New Values in Carpooling Business Model | 302 |

| | | |
|-----|---|-----|
| 97 | Management of e-Waste in the South African Construction Industry – A Literature Review | 303 |
| 98 | Recovery of Phosphate from Municipal Sewage Sludge | 313 |
| 100 | Improvement Proposal Applying SLP and 5S in the Confectionery Industry: Case of a SME in Peru | 322 |
| 107 | Risk Factors Associated with Musculoskeletal Pain in Undergraduate Students: A Systematic Literature Review | 332 |
| 110 | Wicked Moth Ousting Technology - An Analytical Approach for Precision Farming | 349 |
| 111 | Intention To Study STEM Among Youth: A Bibliometric Analysis | 356 |
| 116 | Design of Rehabilitation Device for Increasing Micro Circulation in Diabetic People | 364 |
| 162 | A Systematic Literature Review of Enablers and Technologies for Development of Digital Construction Management Capabilities Framework | 378 |
| 163 | Smart Energy Systems and Use of Energy Plan as an Energy and Power Generation Planning Tool | 393 |
| 164 | Dimensions of Energy Sustainability Measurement | 415 |
| 165 | Hydrogen Production and Application in The Energy Transition | 449 |
| 166 | Carbon Capture and Sequestration in The Energy Transition | 469 |
| 169 | Determinant Factors of Women’s Entrepreneurial Performance: A Study in Context of Delhi- NCR. | 482 |
| 170 | | 494 |
| 174 | Indicators of Sustainable Energy and Electricity | 495 |
| 209 | Energy-Emission-Related Index Decomposition Analyses for the Period 2016-2020: A Systematic Review and Empirical Study | 510 |
| 213 | | 522 |
| 214 | Implementation of Green Supply Chain Management Practices in South African Manufacturing Industry | 538 |
| 215 | Optimizing The Operation of Manufacturing: Case Study at Manufacturing Glass Company | 550 |
| 216 | The Impacts that the Cost of Quality has On South African's Defence Industry | 564 |
| 219 | | 574 |
| 226 | Driver Factors in Bus Accident: A Systematic Review | 576 |
| 227 | Characterizing Internal and External Factors Affecting the Success of Health Food Industry in Peru | 586 |
| 234 | Autonomous Vehicle Safety, Security, and Energy Management: A Review, Challenges, and Solutions | 598 |
