

## Table of Content - 4th African Conference, Zambia 2023 Proceedings

Title	Page Number
External Debt, FDI and Copper Prices and their relationship with Tax Revenue Mobilization: The Case of Zambia	1
Theoretical Aspects of the Short term Consumer Credit Interest Rate Model	14
A Review Paper on Biometric Authentication and Geospatial Data	22
Process Improvement through Built-In-Quality in Automotive Component Manufacturers	23
An Assessment of The Use of Quality 4.0 Trends in Higher Education Institutions in South Africa.	36
Process Improvement through Single Minute Exchange of Dies for Reduction of Changeover Time	47
Industry 4.0 Implementation Challenges in an Unfacilitated Environment: A Case of Manufacturing Industries in Zambia	56
Production Model Based on 5S And SLP to Improve Efficiency in A Food Industry Company	69
Application of Lean Manufacturing and SLP tools to increase productivity in an SME in the textile sector	82
The implementation of Six Sigma and DMAIC methodology to increase productivity and meet customer requirements	93
“The Impact of Digital Divide on Integration of Organizational Discourse with Digital Media During Covid-19 Pandemic: A Review of Seventh-Day Adventist Church in Zambia.”	105
Framework for Implementation of Industry 4.0 Tools and Technologies in Electrical Power Generation Plants Asset Management	116
Analysis of Connection Fee Subsidies on Rural Electrification Projects in Zambia: Case of Chibombo District	118
Diagnosis of Maintenance Maturity in an Indonesia’s Coal Mining Contracting Company	119
Barge Capacity Plan Analysis for Coal Transshipment Process with Decomposition Forecasting and Fuzzy Logic	128
Pivotal Relationship between Service Delivery Automation and Job Losses: A Case of the South Africa banking industry	139
Tracking people with AD: Overview and architecture proposal of an integrated solution	147
Policy and Projection of Solar PV Waste Management: Indonesia Case	159
Evaluating the Conceptual Model of the Fuel Supply Chain from Terminal to Small Scale Fuel Stations using Soft System Methodology Approach	166
Planning Guideline for Failure Handling in OnBoard CBTC Device Using RCM (Reliability Center Maintenance) Analysis	174
Evaluating the Current Policies of Transit System-Based Transportation Development in Jakarta: A Systemic Framework	186
Study of Purchase Intention Factors on Private Battery Electric Vehicles in Greater Jakarta Indonesia	187

Metaheuristic Optimization for Vehicle Routing Problem with Time Windows (VRPTW)	188
Shortage and Dead Stock Mitigation in Heavy Equipment Spare Parts Warehouse Using Integration of ABC Analysis Methods, Analytic Hierarchy Process and EOQ	196
A Systemic Framework Analysis for Designing Financial Model in Replace Water Meter Analog to Smart Meter	205
Voltage Event Signature Classification for Power Quality Disturbance Identification	210
Optimization of Crew Boat Routing for Support Routine Operation of Offshore Oil and Gas Production Using Combination of Genetic Algorithm and Ant Colony Optimization	223
Evaluating the Student and Faculty MyMU Portal Interface at Methodist University	229
Can Social Media Marketing Adoption Lead to Relative Competitiveness and Improved Sales Performance? A Study of SME Suppliers in The Zambian Mining Sector	231
Improving Knowledge Distillation Using Data Augmentation	233
A Study on EMG Signal Classification for Improving Control Methods for Electric Prosthetic Hands	238
Vehicle Driver Interaction using EMG Signal Analysis	247
Multi-product inventory modeling with demand forecasting	258
Re-engineering of Gold Precious Metal Production Process in Mining Companies	269
Overall Equipment Effectiveness-driven Process Improvement Through Total Productive Maintenance: Role of Equipment Flexibility	280
Harmonizing Design, Risk, Metrology and Standardization in Managing the Development of Drugs using Nanotechnology	290
Towards a Lightning Detection and Warning System in Zambia	303
Core Strength Development Behaviour of Organic and Inorganic Binders with New and Reclaimed Foundry Sand	314
Score Card Utility Matrix for Prioritization of Asphalt Paved Road Maintenance Projects	318
Sustainable Airport Planning: Applications for African Airports	330
A SWOT Analysis of Smart Cities Frameworks	332
The Effect of Reverse Logistics Practices on Economic Performance: A Case Study of Simba Breweries	333
Digital Transformation Capability Maturity Framework for Digital Audit Readiness in Public Sector (Case Study)	344
Investigation of Customer Responds to Service Digitalization at Teller Counter in Banking Companies	356
Analytical Factors for the South African Foundry Industry: A Benchmarking Study	357
Adopting Lean Principles for Cost Saving and Waste Minimization in Manhole Construction and Backfilling Process	366

Impact of Operations Strategy on Business Performance: A Case Study of Lusaka Business & Technical College	377
Dependent and Independent Variables for Exploratory Analysis of Road Traffic Accidents	387
Investigation of Factors Reducing Foundry Coreshop Productivity	388
Small and Medium Scale Farming in Zambia: A competitive Analysis	389
Identification and Evaluation of the Accident Prevention Practices Utilized in the Zambian Construction Industry	398
Assessing the Last Mile delivery logistics of the Zambia Medicines and Medical Supplies Agency	407
The Implementation of Theory of Constraints (TOC) in a South African Mining Environment: A Case Study of a Continuously-run Concentrator Plant	418
Determining Factors influencing Disaster Consciousness in the Philippines: A Multiple Regression Approach	430
The effect of Exchange Rate on Stock Market Capitalisation in the Zambian Capital Market	432
Relationship between Procurement Management and Project Performance of Public Infrastructure Projects at the Ministry of Infrastructure Housing and Urban Development in Zambia (MIHUD)	445
Impact of Digital Transformation on Behaviour Intention in Pension Fund Sector in Indonesia	456
Automated load shedding with remote feeder control system using GSM for ZETDC Network	469
